

Push to Gradebook - Aeries

This tool allows Aeries users to push assessment data from iO Assessment directly into his/her Aeries gradebook.

In Aeries, add the assignment in your Gradebook like you normally would.

Add Assignment

General Info

1

Name Algebra 1 Test

Description

Type Formative

Formative Assignments are those that form knowledge (ex: homework or projects). Summative Assignments are those that measure a student's progress (ex: quizzes and tests).

Category A-Level Assignment

Extra Credit

If checked, the Number Correct Possible and Points Possible will be set to zero and will be invisible in this form

Narrative Grading

Assigned On 10/26/2015 Due On 10/27/2015

Number Correct Possible 0 Points Possible 0

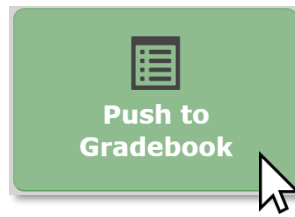

Number Correct Possible can be used as the number of questions on an assignment (like a quiz or homework) while *Points Possible* should be the maximum possible value of that assignment. This is normally used to give certain types of assignments equal weight, even when they have different numbers of questions.

In iO
Assessment,
click this **tile**.

OR

Go to **Testing >**
Push to
Gradebook.

Under the Push to Gradebook column, click the **black teardrop icon** next to the test you want.

Push to Gradebook

Tests Per Page: 25 Content Area: All

Report	Test ID	Test Name	Number Tested	Admin Date	Push to Gradebook
1	207291	DCSD RWC 05 Constructed Response Demo	4	CR Demo	
2	206991	MK Soc Sci Gov	65	2012 GP1	
3			1	test sebas	

Green = Pushed

Black = Not Pushed

Only tests that have been scored appear here.

Push to Gradebook

Select the gradebook and assignment that will be receiving the data from iO Assessment.

If you are **not** using Input by Standards in Aeries, click **Push to Gradebook** now.

Push to GradeBook

If you **are** using Input by Standards in Aeries, review the following page first.

You will first need to attach standards to your assignment in Aeries.
Please contact your Aeries administrator for assistance, if needed.

You will then need to link the standards from your iO Assessment test to those on your Aeries Assignment.

For example:

iO Assessment Test has standards: A, B, C, D

Aeries Assignment has standards: X, Y, Z

Presumably, these standards would be related to one another (otherwise you wouldn't be trying to push this test to that assignment). You would see the standards listed and map appropriately (let's say we don't really care about standard B in the test):

A → X

C → Y

D → Z

Any unmapped standards will not be sent over to Aeries (and that is just fine). If you do not want to count that standard in the assignment, that is legitimate. Not all standards need to be mapped. The only thing that matters is that there is a one-to-one relationship between the standards in iO Assessment and Aeries.

You wouldn't want to do something like:

A → X

B → X

C → X

This would probably just overwrite itself and the results would be C in the X standard of the assignment.

You can select the standards you want to push/not push here. Once complete, click **Push to Gradebook**.
