2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Norte Vista High School is located in the central region of Riverside and serves students in grades nine through twelve following a traditional calendar.

Norte Vista High School invites you to visit the campus and witness our strong instructional programs, school safety, appealing facility, and welcoming staff. Understanding our educational program, student achievement, and curriculum development can assist both our school and our school community in ongoing program improvement.

Norte Vista High School is focused on providing all students with the opportunity to achieve. We accommodate individual learning styles while maintaining high, obtainable expectations for students. Norte Vista High School is extremely proud of our rigorous academic programs (IB, AP and AVID), strong vocational programs (Green Construction Academy, Plant and Animal Academy, Child Development Pathway, and VAPA Pathway, Auto Maintenance and Light Repair, and Film Production), great athletic programs, and extensive extracurricular activities that actively engage all students and provide a well-rounded educational experience.

Please ask us about our House project. Our House project modeled after the Harry Potter houses, promotes engagement, participation, strong academics, good attendance and positive behavior. Students are rewarded in fashion.

Once a Brave, always a Brave!

Mission Statement

Alvord Unified School District, a dynamic learning community that embraces innovation, exists to ensure all students attain lifelong success through a system distinguished by:

- Active and inclusive partnerships
- Relationships that foster a culture of trust and integrity
- High expectations and equitable learning opportunities for all
- A mindset that promotes continuous improvement
- Multiple opportunities for exploration and creativity
- Professional development that promotes quality teaching and learning
- Access to learning experiences that promote a high quality of life

In addition, all schools strive to attain the Alvord vision that all students will realize their unlimited potential.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

On September 16, 2021, Alvord Unified School District's Board of Education held a public hearing to comply with requirements of Education Code Section 60019. Information provided at the public hearing detailed (1) the extent to which standards-aligned textbooks and instructional materials were provided to all students, including English learners; (2) the definition of "sufficient textbooks or instructional materials" means each student has a textbook or materials, or both, to use in class and to take home and does not mean the district is required to have two sets of textbooks for each student; (3) sufficient textbooks and instructional materials were provided to each student, including English learners, in math, English language arts & English language development, history-social science, and science; (4) sufficient textbooks and instructional materials were provided to each student enrolled in foreign language and health classes; and (5) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12. During this hearing, the governing board determined that Alvord Unified School District provided each student with sufficient textbooks and instructional materials aligned to the California academic content standards consistent with the cycles and content of the California curriculum frameworks.

In addition, Alvord Unified School District has sufficient standards-aligned textbooks and instructional materials for all students, including English learners, enrolled in visual and performing arts classes. Developing a long-term textbook adoption plan for textbooks is in process.

School uses the governing board adopted textbooks and instructional materials as detailed in the table:

School Facility Conditions and Planned Improvements

Norte Vista High School, built-in 1958, is located on 47.26 acreage and its square footage totals 227,271. The school has 84 permanent classrooms, six sets of restrooms, one computer lab, one gymnasium, one staff lounge/work room, one library, one auto shop and one cafeteria/MPR. On-going campus improvements and maintenance ensure facilities are up to date and provide adequate space for students and staff.

Alvord Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California OPSC. Results of this survey are available in the school office or at the district. In addition, district maintenance staff makes repairs necessary to keep the school in good repair and working order. A district-wide work order process is used to ensure efficient service and to prioritize repairs.

The school is cleaned on a regular basis with a day custodian and evening custodians who work with the Administration to develop a cleaning schedule to maintain a clean and safe environment for all students before, during and after the instructional day. Deferred Maintenance projects planned for this school year include repairing roofing systems, boys and girls team rooms and preventative repairs need to aging underground water and gas lines.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

In 2020-2021, Norte Vista High School students had opportunities to engage in work experience, regional occupation programs, workability, career/partnership academies, career technical education, and career pathways. Students participating in work experience received on-the-job training and mentoring from local businesses. These work experiences prepare students for future careers. Students enrolled in the career/partnership academies are enrolled in core classes where instructional content is more closely related to the student's chosen field of study. Core curriculum teachers and partnership academy teachers collaborate regularly to ensure three-year terms and coursework are in alignment with state standards and students' needs. These academies are a "school within a school"; program components include rigorous academics with a career focus, a team of teachers, and active business involvement. During 2020-2021, Norte Vista High School offered the following career academy programs:

- Green Construction Academy

Regional Occupational Programs (ROP), a collaboration with Riverside County Office of Education, as well as Career Technical Education (CTE) courses and pathways prepare students for entry-level employment, upgrading work skills, or for entry to higher levels of education. In addition, the courses incorporate state-adopted academic standards and satisfy graduation requirements. Furthermore, the district has embarked on a process to align CTE courses with the A-G entrance requirements for the University of California and California State University systems. Last school year, Norte Vista High School offered the listed CTE programs as electives:

- Agricultural Business Pathway
- Agricultural Mechanics Pathway
- Agriscience Pathway

*Automotive Pathway

- Business Management Pathway
- Child Development Pathway

*Film Production Pathway

- Food Service and Hospitality Pathway
- Ornamental Horticulture Pathway
- Plant and Soil Science Pathway
- Professional Sales Pathway
- Residential and Commercial Construction Pathway
- ROP Construction Tech ACAD
- ROP Construction 2 ACAD
- ROP Construction Tech

To ensure that all students have equitable access and successful outcomes in career technical programs, students meet annually with a counselor to discuss their high school academic plan, career objectives, and progress towards meeting graduation requirements. During these counseling sessions, students are introduced to career technical education programs. A variety of measures is used to determine the effectiveness of the CTE programs including end-of-course exams, on-the-job observations, classroom observations, CCI dashboard and career choices 10-year plan.

2020-21 Career Technical Education (CTE) Participation

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are welcome at school and are encouraged to get involved by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

The school communicates with parents about upcoming school events through flyers, newsletters, parent conferences, progress reports, the school marquee, the school website, Blackboard Connect (automated telephone message delivery system), the parent handbook, PAL (parent involvement packet provided by RCOE), parent groups (SSC, ELAC, Padres Unidos, Novi Parent Group), parent education nights, parent literacy nights, and Wednesday mail bag. Contact the school office at (951) 358-1740 for more information on how to become involved in your child's learning environment.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.56	0.00	0.53	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Comprehensive School Safety Plan was discussed with staff, evaluated, amended, reviewed, and updated 12-1-2021. This plan, developed in collaboration with the school, local agencies and the district office, fulfills all legal requirements and complies with EC 32280-89. A school disaster preparedness plan that deals with a wide variety of emergency situations is included into the School Safety Plan. Earthquake, fire, and lockdown drills are conducted as required. The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; dress code policy; child abuse reporting procedures; routine and emergency disaster procedures; safe movement of students, parents and staff to and from school; maintaining a safe and orderly school environment; sexual harassment policy; safety procedures; suspension, expulsion, and mandatory expulsion policies; teacher notification of dangerous students policy; anti-bullying policy; and school discipline rules and procedures pursuant to EC 35291 and 35291.5.

Professional Development

All staff members participate in professional development offered by the school focused. In addition, many staff members participate in additional training appropriate for individual needs or for specific programs sponsored by the district through departments. Site professional development is held during early release and grade level/subject collaboration days. These collaborations are based on a cycle of continuous improvement and focus on the cycle of inquiry and plan for first, best instruction after a review of standards and students' results on formative and summative assessments. When appropriate to meet the needs of students, staff attends conferences. District instructional coaches and site academic coaches support certificated and paraprofessional staff by providing workshop opportunities, individual mentoring, and in-class coaching. New teachers are supported by the Teacher Induction Program that includes coaching and mentoring. Classified paraprofessionals and support staff attend job-related training provided by the site and district.

During 2020-2021, Norte Vista High School's professional development focused on:

- *School Safety/Active Shooter Presentation
- *Google for Education
- *Restorative Practices
- *School Culture/Counseling Topics
- *Writing Across the Curriculum
- *WASC Findings and Action Plan
- *Continuous Model of Improvement
- *ELD (WASC Action Plan) - Integrated/Designated

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
