

2018-2019
School Plan for Student Achievement (SPSA)

Arlanza Elementary School

The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the Consolidated Application (ConApp) and ESEA Program Improvement into the SPSA.

Recommendations and Assurances

The school site council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval, and assures the board of the following:

1. The school site council is correctly constituted, and was formed in accordance with district governing board policy and state law.
2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.
3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan. Meeting documentation is on file at the school site and district. (Check those that apply and list date of meeting)
 X English Learner Advisory Committee: 10/25/18, 11/29/18, 1/24/19
 X Leadership Team/Department Advisory Committee: November 5, 2018
 Other committees established by the school (LIST):
4. The SSC reviewed the content requirements for school plans of programs included in this SPSA, and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan (LEAP).
5. This SPSA is based upon a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
6. The SSC has reviewed the School Based Coordinated Program legislation and has decided to participate in this program because of the added flexibility it provides.
7. This SPSA was approved by the SSC at a public meeting on: ~~February 28, 2019~~ March 4, 2019

The Alvord Unified School District covers roughly thirty square miles and serves over 18,000 students in the western portion of the city of Riverside and a smaller portion of eastern Corona in the County of Riverside. Local businesses and industry consists of several colleges and universities, light agriculture, and a typical range of goods and services. Currently there are fourteen elementary schools operating under a traditional calendar serving students in grades Transitional Kindergarten through 5, four intermediate schools (grades 6-8), three comprehensive high schools (grades 9-12), and two alternative/continuation high school programs, including adult education. The school district also works collaboratively with the City of Riverside, Department of Parks and Recreation, Riverside Community College, La Sierra University, University of California, Riverside and others to allow students to fully benefit from the many local resources.

2018-2019: Approximately 94% of Arlanza students are of Hispanic or Latino descent. 2.5% are White (not of Hispanic origin) and 1.3% are African American. English Language Learners make up 72.7% of the population and approximately 96% of Arlanza's student population participates in free or reduced lunch. Arlanza continues to be a Title I school.

2017-2018: Approximately 96% of Arlanza students were of Hispanic or Latino descent. 2.3% were White (not of Hispanic origin) and 1.15% were African American. English Language Learners made up 76.7% of the population and approximately 96% of Arlanza's student population participated in free or reduced lunch. Arlanza continued to be a Title I school.

2016-2017: Approximately 96% of Arlanza students were of Hispanic or Latino descent. 1.8% were White (not of Hispanic origin) and 1.3% were African American. English Language Learners made up 80.7% of the population and 98% of Arlanza's student population participated in free or reduced lunch. Arlanza continued to be a Title I school.

2015-2016: Approximately 97% of Arlanza students were of Hispanic or Latino descent. 1.5% were White (not of Hispanic origin) and .9% were African American. English Language Learners made up 80.7% of the population and 98% of Arlanza's student population participated in free or reduced lunch. Arlanza continued to be a Title I school.

2014-2015: Approximately 97% of Arlanza students were of Hispanic or Latino descent. 1.6% were White (not of Hispanic origin) and .5% were African American. English Language Learners made up 80.0% of the population and 99.2% of Arlanza's student population participated in free or reduced lunch. Arlanza continued to be a Title I school.

Facilities and Technology

Arlanza's 31 classrooms are all furnished with the following technological media utilized to support and enhance delivery of core content: HP Revolve Elitebooks and/or HP ProDesk desktops to enhance instructional delivery, a color inkjet and/or laser printer, an LCD projector, and a document camera. 26 classrooms have a SMART Board. All classroom computers are loaded with software to support learning in Reading/Language Arts, Mathematics, Science, and Social Studies.

Arlanza's computer lab houses 60 internet-ready laptops in two carts for student use. The computers in the lab were updated in 2018. Available are a variety of software that can be utilized to individualize student learning in Reading/Language Arts, Mathematics, Science, and Social Studies. The computer lab is used by students during pre-scheduled times every week. Additionally, students enrolled in the HalfTime after school program use the computer lab for intervention and enrichment. The computer lab, along with the library, were relocated to a brand new building in the Fall of 2018.

During the Fall of the 2017-2018 school year, classroom computers in grades 2-5 were decommissioned due to their outdated operating systems, and they were replaced by Toshiba laptops. Additionally, Arlanza has 11 laptop carts in grades 3-5 and RSP, containing a total of 307 devices: 40 HP Streams in 1 cart and 10 carts containing 15-32 Toshiba laptops each. The carts are utilized for everyday classroom instruction and CAASPP assessments (ELA, Math, Science, and ELPAC).

Arlanza's library is home to approximately 17,200 books and resource materials. 5 internet-ready Toshiba laptops are available for student use.

Additional laptops and/or tablets will be purchased for each grade, TK-2.

Instructional Minutes

The total number of daily instructional minutes for each grade level span is as follows: 235 for half-day TK and Kindergarten; 310 for first through third grade; and 325 for grades four and five.

During the 2018-2019 school year, Arlanza has early release days each Tuesday. The total number of daily instructional minutes on the early release days is as follows: 235 minutes for half-day TK and Kindergarten and 250 minutes for first through fifth grades.

Alvord Strategic Plan

During 2013-2014 a district Strategic Planning Committee was formed to develop a district strategic plan that would align with district and school site plans. The committee was composed of school board members, district leaders, teachers, parents, classified, and certificated bargaining unit representatives, elected city officials, community leaders from businesses, higher education, and non-profit organizations. The process included creating a receptive climate, assembling relevant information, selection of the planning team, conducting planning sessions to develop district values, beliefs, vision, mission statement, parameters, objectives, and strategies.

District Priorities

Our priorities are: students, teachers and instructional content.

District Values

- Courage
- Inclusiveness
- Innovation
- Integrity

District Vision

The Alvord Unified School District Promise: All students will realize their unlimited potential.

District Mission Statement

Alvord Unified School District, a dynamic learning community that embraces innovation, exists to ensure all students attain lifelong success through a system distinguished by:

- Active and inclusive partnerships
- Relationships that foster a culture of trust and integrity
- High expectations and equitable learning opportunities for all
- A mindset that promotes continuous improvement
- Multiple opportunities for exploration and creativity
- Professional development that promotes quality teaching and learning
- Access to learning experiences that promote a high quality of life

District Parameters

- We will collaboratively develop policies that support equitable learning opportunities for all.
- We will hold everyone to a high level of accountability.
- We will not allow economic, social and academic barriers to impede the safety and education of our students.
- We will respect and value the diverse roles of all individuals and their contributions.
- We will only tolerate beliefs, decisions and actions that inspire students to succeed.

District Beliefs

We believe:

- In individual empowerment
- Everyone has the right to a world-class education
- Success is our shared responsibility
- Engaged learning strengthens our organization
- Our community is enriched by its diversity
- Innovation with inspiration transforms lives
- Excellence is within everyone

District Objectives

- All students will graduate from high school, ready for college and career
- All students will contribute to a high quality of life in our community.
- All students will be inspired to fulfill their own unlimited potential.

District Strategies

- We will redefine and establish programs for students who pursue an alternative educational pathway.
- We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- We will develop a comprehensive PreK-12 program that ensures quality and engaging instruction.
- We will communicate effectively with all stakeholders in a clear and timely manner.
- We will develop the character of each student to build a better and more unified community.
- We will ensure, develop and support exemplary staff at all levels of the organization.
- We will develop a system for meaningful family engagement.
- We will develop a learning environment that challenges all students to achieve excellence.
- We will develop a learning organization to address the unique situation of each student.

Areas of Pride and Strength

Arlanza Elementary is proud to have:

- * A systematic, three-tiered intervention model that addresses the academic and behavioral needs of all learners.
- * Implementation of the Reading/Writing Workshop (RWW) Model as a framework through which to instruct the Common Core Standards.
- * Independent Daily Reading (IDR) and Independent Daily Writing (IDW) time to provide students with access to differentiated, leveled texts and receive appropriate targeted instructional support of core content during RWW.
- * Incentive programs that are effective tools for motivation (Pizza with the Principal, Perfect Attendance incentives, positive reinforcement from the staff, monthly blacktop flag assemblies, school spirit days, College Readiness focus, etc).
- * Adequate computer lab accommodations with a variety of programs for our students.
- * Quality professional development targeting teacher needs and provided by the Assistant Principal and Principal.
- * Numerous parent training and parent involvement events scheduled throughout the school year such as Festivals, Family Nights, and Parent University.
- * A Breakfast in the Classroom program to provide a nutritious meal at the start of the day for all students that will help with focus during instruction and improve overall school attendance.
- * Teachers who are dedicated to quality teaching and quality learning. All teachers are highly qualified and willing to participate in professional development opportunities to build research based knowledge, both in delivery and content.
- * Support staff are friendly and supportive of the Arlanza community, including teachers, staff and parents.
- * Effective communication between school and parents through the Blackboard Connect system, school website, school Facebook page, ClassDojo, and the Remind app.
- * A custodial staff who keep the school grounds safe and clean.
- * A thrice-weekly Fresh Fruit and Vegetable Program (FFVP) that provides all students with healthy snacks and exposure to a variety of fruits and vegetables, both common and unique.
- * A Clothing Closet with gently used clothing for students and their families to take as needed.
- * A Pantry that provides emergency staple foods when needed.

Central Focus on School Reform

Purpose

The purpose of the central focus on school reform is to describe the reform strategies that provide opportunities for all children to achieve academically.

The purpose of school reform is to provide first best instruction in all core content areas and to make certain students reach academic proficiency at grade level, as evidenced by high levels of achievement of the California Common Core State Standards (CCCSS). To this end, Arlanza teachers are committed to collaboration within and across grade levels. A minimum of eight all-day grade level articulation days for professional development in ELA and Math are planned for the 2018-19 school year. During these collaborations, teachers receive pertinent professional development on topics such as Common Core Standards, Foundational Skills Instruction, Reading Workshop, Cognitively Guided Instruction, Orchestrating Mathematical Discussions, Problem Types, Number Talks, etc. Furthermore, teachers work together to cognitively plan lessons, deliver lessons and garner peer feedback on instructional delivery, analyze and review common assessments, and plan interventions for all at-risk students. In addition, early release days each Tuesday to allow time within the contractual day for this collaborative process to occur on a weekly basis. These days are prioritized for grade level teams to analyze student work/data, set instructional and learning goals, and plan grade level agreed upon instructional strategies to be used by every teacher for a specified period of time.

Collaboration Process (EPC 5,6,8)

Time for teacher collaboration is a common practice at Arlanza. Collaboration time has been built into the master calendar and occurs regularly throughout the school year. Arlanza's collaborative culture is grounded in the work of Adaptive Schools and adheres to the seven norms of collaboration: Pausing, Paraphrasing, Posing Questions, Putting Ideas on the Table, Providing Data, Paying Attention to Self and Others, and Presuming Positive Intentions.

Early Release Tuesdays and Monthly Grade Level Collaboration Days- Grade level teams meet twice monthly on Early Release Tuesdays and 8 times monthly during all-day collaboration days to work on the following: cognitive lesson planning, data analysis, reviewing and studying Common Core Standards, reviewing and studying the ELA/ELD and Math Frameworks, planning instructional and engagement activities for Reading Workshop and Math, and participating in professional development opportunities or training. In addition, teachers participate in instructional rounds to support refinement of strategies during core instruction.

In August 2018, the principal attended a week-long Writing Institute at Columbia University in an effort to support ongoing professional development on collaboration days around Writing Workshop during the school year.

Cite Research/Resources for Central Focus on School Reform

Arlanza Elementary School is in the midst of instructional reform. In 2014-2015, Arlanza began implementing Teachers College (Columbia) Reading and Writing Workshop in earnest. The impetus for declaring this instructional focus was the historical gap in students' reading levels at Arlanza compared to the recommended lexile stretch for grades 1-5 in the Common Core State Standards, 2011. During the 2018-2019 school year, Arlanza finds itself in the 5th year of implementation. Concurrently, administration serves on a Multi-Tiered System of Supports (MTSS) district committee to further site and district focus on school reform and establishing MTSS.

Currently, Arlanza is working on continuing to develop and refine excellent systems for universal student achievement, collaboration, standards alignment, assessment, data analysis and interventions. The following research supports the reform practices currently being implemented:

- California Reading/Language Arts/English Language Development Framework, 2014
- California Mathematics Framework, 2014
- The Adaptive School, Garmston and Wellman
- Reading and Writing Workshop, Lucy Calkins (Teachers College Reading and Writing Project)
- Cognitively Guided Instruction (CGI)

At the elementary level, the SSC shall be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel; and (b) parents; or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group

Leadership Team

Purpose

The purpose of a school leadership team is to involve the school community in the development, implementation, and monitoring of the school plan. The composition of the leadership team includes the principal, grade level representatives, department representatives, teachers of English Learners, GATE students, Special Education students, support personnel for the at-risk students, school advisory committee representatives, and parent representatives, as much as possible.

Arlanza's Leadership Team is comprised of grade level representatives selected by the Principal. The Leadership Team members are grade level leaders who enable a two-way communication between the grade level teams and the school leadership. Members meet frequently to review and dialogue about district expectations for the site, on-going school programs, and current teaching practices as related to the instruction of Common Core Standards using the Reading/Writing Workshop framework. Common threads for leadership meeting dialogues for the 2018-19 school year have been on developing a school-wide culture of equity, universal achievement, quality teaching and quality learning, and continuing to develop the best practices of high quality collaborative teams. Members include:

Comprehensive Needs Assessment Components

The school plan is based on a comprehensive school-wide needs assessment of the school's instructional program which includes program planning, monitoring, and evaluation activities conducted during the previous school year with the input of stakeholders which includes the analysis of student performance data in relation to state academic content standards. Program planning activities are conducted at leadership and grade level/departmental team meetings, staff meetings, ELAC and SSC meetings. Current programs are monitored and reviewed on an on-going basis by discussion with staff and the SSC. Evaluation of the SPSA is conducted by analyzing data, reviewing student work, surveys, and discussions with staff and parents. Financial, material, and human resources are considered. Staff, students and parents are involved throughout the evaluation process of all consolidated programs.

Data Analysis and Assessments

Disaggregated assessment data are utilized in the annual updating of the school plan. Principals and Leadership Team members review and evaluate disaggregated assessment results to make determinations about program improvement. They also analyze assessment data to determine strengths and weaknesses of various programs and in areas of instruction. Areas for improvement are then determined using the information gathered from the assessment data in conjunction with surveys and other achievement data. Teachers meet and discuss how students would be assessed. Please refer to the School and Student Performance Data section where an analysis is provided.

Procedures for Analyzing Data

Teachers utilize a variety of assessments to determine students' success. Analysis of the data from these assessments provides teachers, students, and parents with information needed to drive instruction. The data is also used to guide individual and group instruction needed to remediate and/or address areas of weakness.

Procedures for Reporting Results

The school ensures that the results of the CAASPP and ELPAC (if applicable), are made available to the teachers, students, and parents in a timely manner. Teachers are trained on reporting the results to parents and discuss questions regarding the results in a manner that equates them to the student's classroom performance. Information from a variety of assessments such as grades, prompt scores, portfolios, and state assessments are included in the discussion. This information is shared with the student and parents in a productive manner that emphasizes strengths and details steps needed for improvement.

Release time is provided for principals, teachers, and support staff to analyze student information throughout the year. The principal and Leadership Team plan activities to analyze data at staff development and grade level meetings to inform instruction and plan interventions.

Parents are informed of their student's progress in the following ways:

- Progress Reports and Report Cards (available via AERIES Parent Portal)
- Deficiency Notices
- Parent conferences
- COST meetings
- SST meetings
- Parent- and Teacher-initiated communication
- Letters to parents - assessment results and recommendations for student growth
- IEP meetings
- ELPAC information data sheet mailed home
- CAASPP information data sheet mailed home
- Applications, such as Class Dojo and REMIND

Analysis of Site's Current Instructional Program

The following statements are adapted from the Elementary and Secondary Education Act (ESEA), and the California Essential Program Components (EPC). In conjunction with the needs assessments, these categories are used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Special consideration is given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Academic Program Survey

Discussion of each of these statements should result in succinct and focused findings based on verified facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Arlanza staff is familiar with the Academic Program Survey (APS) process. Site administration, the instructional coach, and the Leadership Team were trained by the district and RCOE during the DAIT process. Teachers collaborated in grade level teams to look at the Academic Program Survey - to reflect and evaluate the implementation of the nine Essential Program Components. Grade level teams reflected on current instructional practices and any missing elements. The Leadership Team compiled the grade level survey results into a master site survey results which will be used to ensure that the staff at Arlanza are meeting the needs of students during core instruction, intervention, and universal access time in both ELA and Math. The results of this survey are used in the development of the SPSA. Arlanza has a focus on closing the gap of our EL (72.7%) as well as our SED (95.8%) students.

Standards, Assessment, and Accountability

1. Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Arlanza teachers (TK-5) administer the following state and local assessments: Preschool Early Literacy Indicators (PELI, TK only), Dynamic Indicators of Basic Early Literacy Skills (DIBELS, K-5), Basic Phonics Skills Test-II and IV (BPST-IV, 1-5), Common Formative Assessments (CFAs), Running Records (1-5) English Language Proficiency Assessments for California (ELPAC, TK-5), and the summative California Assessment of Student Performance and Progress in English Language Arts and Math (CAASPP, 3-5).

2. Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Data from PELI (TK only), DIBELS (K-5), BPST-IV (1-5), CFAs, and Running Records are used to modify instruction and improve student achievement. Results from the initial and summative ELPAC and the summative CAASPP (3-5) are used to set long-term goals for student achievement and determine when extensive intervention may be warranted. The process of analyzing multiple measures assists teachers in determining specific areas in which students need targeted support so teachers can then plan instruction, differentiation and intervention that will positively impact student achievement.

Staffing and Professional Development

3. Status of meeting requirements for highly qualified staff (ESEA)

All instructional staff at Arlanza, both certificated and classified, meet the requirements for highly qualified staff according to ESEA legislation.

4. Sufficiency of credentialed teachers and teacher professional development (e.g. access to instructional materials training on SCE-adopted instructional materials) (EPC)

All teachers are fully credentialed and no teacher are mis-assigned. All teachers at Arlanza received overview training of the district's recently-adopted ELA curriculum, Wonders, which is used as a resource in teaching ELA standards within the Reading Workshop framework. Additionally, Arlanza teachers and instructional support staff are receiving ongoing professional development focused on the implementation of Teachers College Reading and Writing Project (TCRWP) units of study in reading (K-5), writing (K-5) and phonics (K-2).

5. Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development at Arlanza is planned thoughtfully and carefully around the needs of teachers. Topics include data analysis, first best instruction, content-specific concepts/skills/strategies, Reading and Writing Workshop components, Number Talks, ELA/ELD and Math Frameworks, Common Core State Standards, and collaboration. During grade level collaboration and staff development times focused on data analysis, teachers use qualitative class and grade level data to identify trends within student achievement. With this information and knowledge of Common Core standards, grade level teams identify research-based instructional strategies that will target individual students as well as grade level areas of need. Grade level teams design and deliver first best instruction lessons for Common Core State Standards, determining the instructional and engagement strategies to use during instruction. Professional development is provided by the Principal and Assistant Principal.

6. Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The school principal and assistant principal, both content experts, assist teachers with improving instructional and management practices in all content areas. Additionally, Arlanza has a full time Literacy Teacher who supports all teachers in foundational skills instruction, both directly with students and as a support to teachers' instruction.

7. Teacher collaboration by grade level (K-8) and department (9-12) (EPC)

Teachers meet weekly in grade level teams during Early Release Tuesdays. During these collaborations, teachers study the CCSS and the ELA/ELD Framework, Math Framework, and/or Math Progressions document; review student data to develop goals for student achievement on priority Common Core Standards; agree on research-based instructional strategies to facilitate instruction of CCSS; and identify "at-risk" students to plan immediate interventions through strategic grouping of students during Independent Daily Reading (IDR), Independent Daily Writing (IDW), and/or math block. In addition, teachers cognitively plan lessons, study the ELA/ELD Framework, and determine research-based strategies to meet the needs of EL students.

Teaching and Learning

8. Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Curriculum and materials aligned to the Common Core State Standards (CCSS) are used for core instruction and intervention. Collaboration days are structured to provide time to cognitively plan among grade level teams and administration. Administration collaborates with and interactively coaches teachers in the instruction of CCSS standards for ELA and Mathematics.

9. Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Teachers are provided with required instructional components by administration. Grade levels collaboratively create common schedules which are designed to include all required instructional minutes for each grade level and curricular area. Once approved by administration, grade levels are expected to adhere to their specific common schedules.

10. Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Arlanza teachers follow the Common Core Standards for English Language Arts/Literacy and Mathematics. Intervention for at-risk learners is provided through universal access, Independent Daily Reading (IDR) or Independent Daily Writing (IDW) or Independent Daily Math (IDM) during the instructional day. Additionally, At-Risk Long-Term English Learners (At-Risk L-TELS) in grades 3-5 have been identified and offered after school extended learning opportunities that focus specifically on targeted language acquisition instruction and practice in reading, writing, listening, and speaking.

11. Availability of standards-aligned instructional materials appropriate to all student groups (ESEA)

Arlanza follows district and state regulations when providing standards based instructional materials to all students.

12. Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Arlanza follows the California ELA/ELD Framework and CCSS as adopted by the California State Board of Education in Reading/Language Arts, Mathematics, Science and Social Studies. These standards direct District and school goals, objectives, and expected learning outcomes toward mastery. In accordance with the directive by district administration, Common Core standards are the focus of instruction with core adopted materials used as the vehicle to reach mastery.

Arlanza students are given complete access to all grade-specific, standards-based, appropriately-aligned and district-adopted materials, including all textbooks. Each student is provided with his/her own textbook for the core content subjects. Teachers use district-adopted and approved supplemental resources to assist student mastery toward the standards. Teachers have access to foundational skills instructional and student materials. Writing instruction is aligned to Common Core Standards. As a result of Williams' lawsuit compliance and through curriculum inventory surveys, it has been established that all staff have Teacher's Editions, materials to differentiate instruction, and other resources that are needed to fully implement the Reading Language Arts, Mathematics, Social Studies, and Science programs.

Opportunity and Equal Educational Access

13. Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Grade levels provide targeted, specific intervention for at-risk students. Designated English Language Development (D-ELD) is provided to EL students at their proficiency level 30 minutes daily. Intervention and enrichment are offered to students during the instructional day during Independent Daily Reading (IDR), Independent Daily Writing (IDW), and math block. Students identified as long-term English learners (L-TELS) are invited to participate in extended learning opportunities after school, which are designed to increase students' English language proficiency across reading, writing, listening, and speaking. Teachers work with individuals or small groups of students to explicitly instruct on targeted skills as revealed on formative assessments such as DIBELS, Running Records, BPST-IV, formative assessments, and teacher observation.

14. Research-based educational practices to raise student achievement

Arlanza provides multiple learning opportunities for students that are not meeting identified standards. Teachers differentiate instruction, provide small group instruction during IDR/IDW/math block and work with individual, underperforming students to provide grade level or developmentally appropriate instruction as necessary. Within the regular program, teachers differentiate and develop strategies to address the specific needs of each student according to the Common Core State Standards, English Language Proficiency Assessment for California (ELPAC), PELI, DIBELS, running records, informal observations and checklists, CAASPP, teacher/grade level developed common assessments, and other local assessments. Teachers are afforded time in grade level meetings for review of student data and ongoing dialogue of best practices.

Other services provided by the regular program to assist underperforming students include:

- Language Assessment Center (LAC) - interpretation, translations and initial testing for placement
- Resource Program (RSP) - assist Special Education students to meet IEP goals
- Speech and Language Pathologist (SLP) - serves Special Education students with speech/language needs
- PST - Problem Solving Team - grade level team meeting that addresses the individual needs of students and triages referrals with unique strategies and solutions for Tier I and Tier II interventions
- COST - Coordination of Services Team - teacher, administrators, instructional coach, Counselor, Psychologist, and any other personnel involved with students meets to address the individual academic and behavioral needs of students to determine Tier III interventions
- Student Success Team (SST) - systematic intervention process based on strengths and develops and action plan for an individual student
- Health Center - provides a nurse on call and a part time health assistant at the site
- Instructional Support Services - identification of essential standards, curriculum support and staff development priorities
- Library Assistant - assists students in locating and checking out library materials
- Psychologist - supports and tests students for qualification in Special Education
- Counselor - supports and resources students and parents for social/emotional needs that, when met, will support student academic achievement
- Materials Center - insures that each teacher has the core curriculum components needed for instruction

Parental Involvement

15. Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Arlanza is fortunate to employ the services of a full-time Community Worker. The Community Worker assists with recruitment of members for SSC and ELAC and helps train parent leaders for those committees. For the 2018-19 school year, the Community Worker will schedule classes and workshops for parents through Arlanza's Parent University Program. Classes will include topics such as: Positive Behavior and Intervention Supports, Understanding Mental Illness, Talking to Your Child, etc. Furthermore, the Community Worker will consult with Administration as well as local agencies to provide additional workshops for parents such as Nutrition Classes, Computer Classes, Exercise Classes, Gang-Prevention Workshops, etc.

16. Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932) Such as described in School Plans. Schools shall be deemed to have met this requirement by establishing a school site council.

Parents and the community are very involved at Arlanza. Parents are involved through three specific groups: School Site Council (SSC), Action Teams for Partnership (ATP), and the English Learners' Advisory Committee (ELAC). School Site Council is a decision-making body that helps in the planning, implementation and evaluation of consolidated applications. The School Site Council works hard to make important decisions that affect student achievement. ATP is comprised of parent and staff members, and is organizing and articulating goals for the school. ELAC is an advisory council; they are presented with information regarding the consolidated application and are able to give input so that ELs at Arlanza can continue to achieve.

Funding

17. Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funds provide professional development to teachers to better their practice to improve student achievement. When funds are available, teachers and support staff are paid additional hours to provide additional collaboration time outside of the contract day. Instructional materials are purchased to support core programs through first best instruction and intervention.

18. Fiscal support (EPC)

The district provides additional categorical funding to pay for partial salaries of some categorically funded employees.

SPSA Annual Evaluation

Outcomes

Identify any goals in the most recent SPSA that were met. What actions were particularly effective in meeting the goal? The SPSA goal set and met was in regards to increasing the Reclassification rate of English Learners. A total of 7 students were Reclassified during the 2015-2016 school year. The goal was to increase the number of students being Reclassified from 7 to 20 during the 2016-2017 school year. Fall semester, 15 ELs were Reclassified. Spring semester, 18 ELs were Reclassified, bringing the total number of English Learners who were Reclassified to 33, exceeding the goal by 13 students! During the 2017-2018 school year, reclassification occurred during fall semester only. At this time, 18 students were reclassified. Should reclassification have occurred Spring semester, data would have surely shown an increase in reclassification rates over the 2016-2017 year in total. Actions taken that contributed to meeting the goal include:

Reclassification appearing as a dialogue topic addressed at all ELAC, SSC, and Principal's Coffee monthly meetings
EL Facilitator regularly communicating with 3rd-5th grade teachers student achievement data of English Learners
EL Facilitator providing teachers with practical and targeted EL instructional strategies to implement
Recognition of Reclassified ELs with a ceremony, certificate, and banner that hangs in the halls of the school
Increasing students' awareness of their English learner status and requirements for reclassification

Identify goals in the most recent SPSA that was not met, or was only partially met. What actions related to this goal were ineffective or minimally effective? Identify barriers to full or timely implementation of the actions identified. What actions were undertaken to mitigate those barriers or adjust the plan to overcome them?
2017-2018 ELA data shows growth across all 4 ELA/Literacy Claims, with the writing goal being met.

Goal 1.1 ELA:

By June 2018, the overall percentage of students in 3rd, 4th, and 5th grades achieving "At or Near" and "Above" standard will increase in each ELA/Literacy Claim as follows:

The overall percentage of students achieving "At or Near" and "Above" standard in Reading will increase from 52.57% to 67%. Results show an overall growth of 7.59% with 60.16% of students in grades 3-5 scoring "At or Near" and "Above" in Reading. Although student achievement increased, the goal was not met.

The overall percentage of students achieving "At or Near" and "Above" standard in Writing will increase from 51.84% to 62%. Results show an overall growth of 5.47% with 57.31% of students in grades 3-5 scoring "At or Near" and "Above" in Writing. Although student achievement increased, the goal was not met.

The overall percentage of students achieving "At or Near" and "Above" standard in Listening will increase from 66.54% to 76%. Results show an overall growth of 10.7% with 77.24% of students in grades 3-5 scoring "At or Near" and "Above" in listening. The goal was met.

The overall percentage of students achieving "At or Near" and "Above" standard in Research/Inquiry will increase from 61.40% to 76%. Results show an overall growth of 4.05% with 65.45% of students in grades 3-5 scoring "At or Near" and "Above" in Research/Inquiry. Although student achievement increased, the goal was not met.

The barriers to larger gains in ELA remain that students are overall reading below grade level, thus preventing them full access to grade level instructional and assessment content. This is especially true of the 3rd grade. With the single action of continued implementation and refinement of Reading Workshop, however, we are seeing the achievement gap closing, though not yet fully. Teachers' implementation is new and still adapting to a new pedagogical approach.

Goal 1.2 Math:

By June 2018, the overall percentage of students in 3rd, 4th, and 5th grades achieving "At or Near" and "Above" standard will increase in each Math Claim as follows:

The overall percentage of students achieving "At or Near" and "Above" standard in Concepts and Procedures will increase from 36.3% to 41.5%. Results show an overall growth of 3.22% with 39.52% of students in grades 3-5 scoring "At or Near" and "Above" in Concepts and Procedures. Although student achievement increased, the goal was not met.

The overall percentage of students achieving "At or Near" and "Above" standard in Problem Solving will increase from 46.72% to 54.25%. Results show an overall decline of 2.37% with 44.35% of students in grades 3-5 scoring "At or Near" and "Above" in Problem Solving. Although student achievement increased, the goal was not met.

The overall percentage of students achieving "At or Near" and "Above" standard in Communicating Reasoning will increase from 49.63% to 55.00%. Results show an overall growth of 4.8% with 49.63% of students in grades 3-5 scoring "At or Near" and "Above" in Communicating Reasoning. Although student achievement increased, the goal was not met.

The barriers to larger gains in math remains the need to continue building teachers' pedagogical knowledge and implementation of Cognitively Guided Instruction (CGI) and problem-based instruction. While practices around this focus are emerging, they are not yet established site-wide. Additionally, a coherent site-wide approach to math facts mastery needs to be established.

Involvement/Governance

How was the SSC, ELAC and staff involved in the development and evaluation of the plan?

SSC, ELAC, and Leadership regularly meet to evaluate the school plan and offer feedback and input. At each meeting, a section of the plan is evaluated through analysis of student achievement data and actions taken toward increasing student achievement. Members determine to what level established goals were met, action effectiveness is determined, new goals are recommended and/or set, and new and/or continuing actions are recommended and/or set.

How was the plan monitored during the school year?

SSC met on the following dates to evaluate the school plan: October 25, 2018; November 29, 2018; January 24, 2019

ELAC met on the following dates to evaluate the school plan: October 25, 2018; November 29, 2018; January 24, 2019

Leadership met on the following dates to evaluate the school plan: November 5, 2018

What changes, if any, are needed to ensure involvement of all stakeholders and adequate monitoring of planned activities and outcomes?

At this time, all parent and staff groups are adequately monitoring planned actions and outcomes.

Description of Barriers and Related School Goals

Current barriers toward improving academic achievement include, but are not limited to, the following:

Language acquisition of English Learners; 35% of 4th and 5th grade ELs are at risk for becoming Long-Term English Learners (L-TELs) as they fail to reach a level 3 or 4 as indicated by the ELPAC within 5 years of US school attendance. Chronic Absenteeism - 68 of 531 students (12.8%) are considered chronically absent with 10 or more absences within the school year.

Need to refine instructional delivery practices through professional development of staff members, specifically in the areas of Mathematics.

Student mobility - Arlanza has a high transiency rate. Many students who begin at Arlanza in Kindergarten do not complete 5th grade at Arlanza.

Kindergarten program is only half-day. Students from poverty and English Learners need additional instructional time for increased exposure to the language and/or instructional content.

Growing, yet still limited, understanding on the part of school personnel on the correlation between the psycho-emotional stressors of students living in poverty and academic achievement.

Additional staff needed to meet the needs of students growing up in poverty and/or having experienced trauma - additional psychologist and/or clinical social worker who can meet students' social/emotional/mental needs

CAASPP Results Data Analysis**English-Language Arts/Literacy****All Students****Goal 1.1 ELA:**

By June 2018, the overall percentage of students in 3rd, 4th, and 5th grades achieving "At or Near" and "Above" standard will increase in each ELA/Literacy Claim as follows:

The overall percentage of students achieving "At or Near" and "Above" standard in Reading will increase from 52.57% to 67%. Results show an overall growth of 7.59% with 60.16% of students in grades 3-5 scoring "At or Near" and "Above" in Reading.

The overall percentage of students achieving "At or Near" and "Above" standard in Writing will increase from 51.84% to 62%. Results show an overall growth of 5.47% with 57.31% of students in grades 3-5 scoring "At or Near" and "Above" in Writing.

The overall percentage of students achieving "At or Near" and "Above" standard in Listening will increase from 66.54% to 76%. Results show an overall growth of 10.7% with 77.24% of students in grades 3-5 scoring "At or Near" and "Above" in listening.

The overall percentage of students achieving "At or Near" and "Above" standard in Research/Inquiry will increase from 61.40% to 76%. Results show an overall growth of 4.05% with 65.45% of students in grades 3-5 scoring "At or Near" and "Above" in Research/Inquiry.

Digging deeper, the "Distance from 3" in ELA shows a four-year decreasing trend, with the Distance from 3 decreasing from 63 points in 2015; to 62 points in 2016; to 52.3 points in 2017; and to 39.6 points in 2018.

The barrier to larger gains in ELA remains that, although decreasing in number, many students are reading below grade level across grade levels, thus preventing them full access to grade level instructional and assessment content. This is especially true of students at the 3rd grade. A contributing factor to this barrier is the percentage of English Learners who are failing to make annual progress in English language acquisition as determined by the ELPAC, and thus are considered at risk in grades 4 and 5 of becoming Long-Term English Learners (L-TEL). With the single action of continued implementation and refinement of Reading Workshop, however, we are seeing the achievement gap closing, though not yet fully. Taking action to address the specific needs of at-risk L-TELs in extended learner opportunities will also serve to close the reading gap. At-risk L-TELs have been identified and are participating in extended learning opportunities after school that are designed to increase English language acquisition across reading, writing, listening, and speaking.

Mathematics

All Students

Goal 1.2 Math:

By June 2018, the overall percentage of students in 3rd, 4th, and 5th grades achieving "At or Near" and "Above" standard will increase in each Math Claim as follows:

The overall percentage of students achieving "At or Near" and "Above" standard in Concepts and Procedures will increase from 36.3% to 41.5%. Results show an overall growth of 3.22% with 39.52% of students in grades 3-5 scoring "At or Near" and "Above" in Concepts and Procedures.

The overall percentage of students achieving "At or Near" and "Above" standard in Problem Solving will increase from 46.72% to 54.25%. Results show an overall decline of 2.37% with 44.35% of students in grades 3-5 scoring "At or Near" and "Above" in Problem Solving.

The overall percentage of students achieving "At or Near" and "Above" standard in Communicating Reasoning will increase from 49.63% to 55.00%. Results show an overall growth of 4.8% with 49.63% of students in grades 3-5 scoring "At or Near" and "Above" in Communicating Reasoning.

Digging deeper, the "Distance from 3" in Mathematics shows a four-year decreasing trend, with the Distance from 3 decreasing from 82.3 points in 2015; to 76.6 points in 2016; to 65.0 points in 2017; and to 59.7 points in 2018.

The barriers to larger gains in math remains the need to continue building teachers' pedagogical knowledge and implementation of Cognitively Guided Instruction (CGI) and problem-based instruction. While practices around this focus are emerging, they are not yet established site-wide. Additionally, a coherent site-wide approach to math facts mastery needs to be established.

Conclusions indicated by the ELPAC data:

69.25% of all English learners in grades K-5 are a level 3 or 4 overall in English language development. Looking deeper, Oral Language is stronger than Written Language with 80.48% of students scoring a level 3 or 4 in Oral Language compared to 60.8% of students scoring a level 3 or 4 in Written Language. The Reading Domain is the weakest of all 4 domains (Reading, Writing, Listening, and Speaking), with 22.73% of students scoring "well developed," 53.74% of students scoring "somewhat/moderately developed," and 23.53% scoring at the "beginning" level.

The barrier to larger gains in ELA remains that, although decreasing in number, many students are reading below grade level across grade levels, thus preventing them full access to grade level instructional and assessment content. This is especially true of students at the 3rd grade, with 40.69% of 3rd grade English learners scoring at the "beginning" level. A contributing factor to this barrier is the percentage of English Learners who are failing to make annual progress in English language acquisition as determined by the ELPAC, and thus are considered at risk in grades 4 and 5 of becoming Long-Term English Learners (L-TEL). With the single action of continued implementation and refinement of Reading Workshop, however, we are seeing the achievement gap closing, though not yet fully. Additionally, the site is addressing the specific needs of at-risk L-TELs through extended learner opportunities that will also serve to close the reading gap. At-risk L-TELs have been identified and are participating in extended learning opportunities after school that are designed to increase English language acquisition across reading, writing, listening, and speaking.

Action Plan: Planned Improvements in Student Performance**Performance Goal 1.1: English-Language Arts**

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All students will reach high standards, at a minimum attaining proficiency or better in reading/language arts.

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, the overall percentage of students in 3rd, 4th, and 5th grades combined achieving "At or Near" and "Above" standard will increase in each Literacy Claim as follows:

Reading will increase from 60.16% to 70%.

Writing will increase from 57.31% to 65%.

Listening will increase from 77.24% to 85%.

Research/Inquiry will increase from 65.45% to 76%.

The "Distance from 3" or DF3 in English Language Arts will to decrease 14.6 points - from 39.6 points to 25 - keeping our performance level/status at "low," "increased," and yellow.

Data Used to Form this Goal:

2017-2018 CAASPP overall results indicate that, while gains are being made in each of the past four years, the majority of students in 3rd, 4th, and 5th grades are not meeting standard in ELA/Literacy.

Findings from the Analysis of this Data:

Overall 2017-2018 CAASPP ELA data indicate 72.2% of 3rd graders, 67.39% of 4th graders, and 65.82% of 5th graders did not meet standards (scoring "standard not met" or "standard nearly met").

How the School will Evaluate the Progress of this Goal:

Arlanza staff will evaluate the progress of this goal through common formative assessments, teacher-made tests, anecdotal records, and 2018-2019 CAASPP ELA data.

Planned Improvements in Student Performance

Performance Goal 1.2: Mathematics

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All students will reach high standards, at a minimum attaining proficiency or better in mathematics.

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, the overall percentage of students in 3rd, 4th, and 5th grades combined achieving "At or Near" and "Above" standard will increase in each Mathematics Claim as follows:

Concepts and Procedures will increase from 39.52% to 44%.

Problem Solving will increase from 44.35% to 48%.

Communicating Reasoning will increase from 54.43% to 60%.

"Distance from 3" or DF3 in Mathematics will decrease 14.7 points - from 59.7 points to 45 - keeping our performance level/status at "low," "increased," and yellow.

Data Used to Form this Goal:

2017-2018 overall CAASPP Mathematics results indicate that, while gains are being made in each of the past four years, the majority of students in 3rd, 4th, and 5th grades are not meeting standard in Mathematics.

Findings from the Analysis of this Data:

2017-2018 overall CAASPP Mathematics data indicate 81.58% of 3rd graders, 79.57% of 4th graders, and 75.95% of 5th graders did not meet standards.

How the School will Evaluate the Progress of this Goal:

Arlanza staff will evaluate the progress of this goal through analysis of teacher-made math assessments, anecdotal data, observations, and 2018-2019 CAASPP results.

Planned Improvements in Student Performance

Performance Goal 2: English Learners

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All limited-English-proficient students will attain proficiency in English, at minimum meeting annual measurable achievement objectives (AMAO).

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019:

- - the percentage of EL students reclassified in grades 4 and 5 will increase from 16% (18 students) to 35% (39 students).
- - the percentage of EL students scoring a 4 overall on ELPAC will increase from 31.6% to 35%.
- - the percentage of EL students scoring a 3 overall on ELPAC will increase from 37.7% to 40%.
- - the percentage of At-Risk Long-Term English Learners (L-TEs) in grades 4 and 5 will decrease from 35% to 20% as measured by the ELPAC.

Data Used to Form this Goal:

2017-2018 baseline ELPAC data indicates an overwhelming majority of English learners in grades TK-5, 69.25%, are scoring a 3 or 4 overall.

Findings from the Analysis of this Data:

2017-2018 baseline ELPAC data shows that 80.48% of TK-5 English Learner students are scoring a 3 or 4 in Oral Language and 60.8% are scoring a 3 or 4 in Written Language. Of the 4 domains (reading, writing, listening, and speaking), the Reading Domain is the most challenging, with only 22.73% of students scoring a 3. Deeper analysis of 2017-2108 data reveals 24% of 5th graders and 46% of 4th graders (an average 35%) are considered at-risk L-TEs.

How the School will Evaluate the Progress of this Goal:

Arlanza will review report cards, and ELPAC, CAASPP, and DIBELS data to identify students who are candidates for reclassification and notify students, parents, and classroom teachers. The same data will inform instructional groupings for Designated English Language Development (D-ELD) instruction and strategies employed during Integrated English Language Development (I-ELD). Additionally, will analyze ELPAC data to identify at-risk L-TEs for extended opportunities to acquire English language proficiency (after school).

Planned Improvements in Student Performance

Performance Goal 3: Safe and Drug-Free Environment Conducive to Learning

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All students will be educated in learning environments that are safe, drug free, and conducive to learning.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, the average daily attendance will increase by 1.0%.

By June 2019, suspensions and discipline for drugs, alcohol, tobacco, or physical violence will decrease by 0.5%.

By June 2019, staff and students will participate in activities that support student safety and wellness.

Data Used to Form this Goal:

Data used to form this goal include district reports of attendance rates provided by Fiscal Services and district reports of suspension rates provided by 2018-2019 CALPADS.

Findings from the Analysis of this Data:

In 2017-18, the average daily attendance at Arlanza was 95.58%, an increase of 0.39% from 2016-2017. CALPADS data indicates a total of 9 suspensions, an increase of 5 suspensions from 2016-2017.

How the School will Evaluate the Progress of this Goal:

Arlanza staff will evaluate the progress of this goal through monthly and year-to-date attendance monitoring. The number of suspensions will be monitored by administration through AERIES. Sign in sheets will indicate participation of staff and students in safety and wellness-related activities.

Planned Improvements in Student Performance

Performance Goal 4: High School Graduation and College Readiness

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All students will graduate from high school and be college/ career ready.

LCAP CONDITIONS OF LEARNING GOAL 1: Students will be enrolled in a comprehensive course of study taught by highly qualified staff in schools that are clean and in good repair.

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, all classes TK-5 will provide a daily targeted intervention instruction WITHIN the instructional day to support student learning and promote college readiness.

During the 2018-2019 school year, Arlanza will continue to refine the systems of collaboration, standards alignment, intervention, assessments and data management, all of which contribute to and promote a culture of universal achievement and college readiness.

Data Used to Form this Goal:

2017-2018 Overall CAASPP ELA data indicate 72.2% of 3rd graders, 67.39% of 4th graders, and 65.82% of 5th graders did not meet standards (scoring "standard not met" or "standard nearly met").

2017-2018 Overall CAASPP Mathematics data indicate 81.58% of 3rd graders, 79.57% of 4th graders, and 75.95% of 5th graders did not meet standards (scoring "standard not met" or "standard nearly met").

Findings from the Analysis of this Data:

2017-2018 CAASPP results indicate that the majority of students in 3rd, 4th, and 5th grades did not meet standard in ELA/Literacy and Mathematics. While small gains have been made in both content areas in the past four years, the reading gap, although closing, still remains a major obstacle in students' access to grade level content in both instructional and assessment settings. Similarly, with over 72%% of students belonging to the English Learner student group, English language acquisition also remains a factor in increasing student achievement as measured by the CAASPP.

How the School will Evaluate the Progress of this Goal:

Arlanza staff will evaluate the progress of this goal through analysis of results from CELDT, DIBELS, BPST, CAASPP, CFAs and other local assessment data.

Program Descriptions
School Based Coordinated Program (SBCP)

Intent

To provide school site flexibility in the use of certain state-funded categorical resources.

Description of Site Program

The SBCP legislation provides greater flexibility for schools and school districts to better coordinate the funds they receive while ensuring that schools continue to receive funds to meet their needs. This legislation focuses authority to exercise such flexibility at the school level, with the approval and under the policy direction of the governing board. The School Site Council decides which funding sources it wishes to coordinate. The funding sources are:

- a) Local Control Funding Formula-Low Income (LCFF-LI)
- b) Local Control Funding Formula-English Learners (LCFF-EL);
- c) Title I (if applicable)

The greatest benefits of becoming a SBCP school is the opportunity afforded teachers, other school staff, the Principal, parents, and students (in secondary schools) to work together to design and implement a program in which resources received by the school are coordinated and utilized to ensure that all students acquire the knowledge, the understanding, and the skills of the core curriculum of the district. It is the opportunity to focus the attention of the entire school community on what is and should be happening for all the students in the school, rather than looking at what the separate funding resources seem to be dictating for certain groups of students within the school population. By providing an integrated program, planned jointly by classroom teachers and specialist teachers, a SBCP also presents the opportunity to more effectively coordinate instructional delivery systems needed by students who have a combination of special needs. A SBCP plan must address the needs of all students, even when funding for those students is not included in the plan. Funds must be expended as specified in the school plan.

Coordination of Services

Expenditures are directly related to the core curriculum and advance the goals in the Local Education Agency Plan, and achievement of the student outcomes in the district's Strategic Plan, and the Local Control Accountability Plan. Coordination between categorically funded staff and regular staff is emphasized to provide a cohesive program for all students. Grade-level and subject-specific meetings as well as Leadership Team meetings are designed to facilitate coordination and planning. Paraprofessionals and teachers also meet regularly to implement a well-articulated program that enables student learning. This site's teaching staff continuously assesses and modifies instruction to ensure that students are experiencing success with the core curriculum. Staff development is structured to promote student success in meeting state/district standards in all subject areas. Teachers, parents, and students have opportunities for input to the curriculum throughout the school year. All staff members work together to provide a coherent program for all students on a continuous basis.

To help ensure a quality education for all students, state and federal funding is provided for the following special programs to supplement the core instructional program provided by the school district:

- o Local Control Funding Formula-Low Income (LCFF-LI)
- o Control Funding Formula-English Learners (LCFF-EL);
- o Title I (if applicable);
- o Special Education (including specially designed academic instruction and related services).

Objectives

Arlanza believes that all students have a right to a world-class education and that success is our shared responsibility. Furthermore, our school and district is strengthened by engaged learning and a diverse community. We also believe that innovation and inspiration transforms lives and that excellence is within everyone. Through the actions noted in this SPSP, we are committed to making manifest the following 9 strategies of the AUSD Strategic Plan:

- 1) We will redefine and establish programs for students who pursue an alternative educational pathway.

- 2) We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- 3) We will develop a comprehensive PreK-12 program that ensures quality and engaging instruction.
- 4) We will communicate effectively with all stakeholders in a clear and timely manner.
- 5) We will develop the character of each student to build a better and more unified community.
- 6) We will ensure, develop, and support exemplary staff at all levels of the organization.
- 7) We will develop a system for meaningful family engagement.
- 8) We will develop a learning environment that challenges all students to achieve excellence.
- 9) We will develop a learning organization to address the unique situation of each student.

With these beliefs and strategies in mind, the five goals of the Single Plan for Student Achievement include the following:

Goal 1.1 ELA:

By June 2019, the overall percentage of students in 3rd, 4th, and 5th grades combined achieving "At or Near" and "Above" standard will increase in each Literacy Claim as follows:

Reading will increase from 60.16% to 70%.

Writing will increase from 57.31% to 65%.

Listening will increase from 77.24% to 85%.

Research/Inquiry will increase from 65.45% to 76%.

The "Distance from 3" or DF3 in English Language Arts will decrease 14.6 points - from 39.6 points to 25 - keeping our performance level/status at "low," "increased," and yellow.

Goal 1.2 Math:

By June 2019, the overall percentage of students in 3rd, 4th, and 5th grades combined achieving "At or Near" and "Above" standard will increase in each Mathematics Claim as follows:

Concepts and Procedures will increase from 39.52% to 44%.

Problem Solving will increase from 44.35% to 48%.

Communicating Reasoning will increase from 54.43% to 60%.

"Distance from 3" or DF3 in Mathematics will decrease 14.7 points - from 59.7 points to 45 - keeping our performance level/status at "low," "increased," and yellow.

Goal 2 ELL:

By June 2019:

- - the percentage of EL students reclassified in grades 4 and 5 will increase from 16% (18 students) to 35% (39 students).
- - the percentage of EL students scoring a 4 overall on ELPAC will increase from 31.6% to 35%.
- - the percentage of EL students scoring a 3 overall on ELPAC will increase from 37.7% to 40%.
- - the percentage of At-Risk Long-Term English Learners (L-TELS) in grades 4 and 5 will decrease from 35% to 20% as measured by the ELPAC.

Goal 3 Safe and Drug Free Environment Conducive to Learning:

By June 2018:

- - the average daily attendance will increase by 1.0%.
- - the number of suspensions and discipline for drugs, alcohol, tobacco, or physical violence will decrease by .5%.
- - staff and students will participate in activities that support student safety and wellness.

Goal 4 High School Graduation and College Readiness

By June 2019, all classes TK-5 will provide a daily targeted intervention instruction WITHIN the instructional day to support student learning and promote college readiness.

During the 2018-2019 school year, Arlanza will continue to refine the systems of collaboration, standards alignment, intervention, assessments and data management, all of which contribute to and promote a culture of universal achievement and college readiness.

Program Descriptions
Title I Schoolwide (SWP) or Targeted Assistance School (TAS) Program

Intent

The intent of Title I, Part A, is to improve the teaching and learning of children who are at risk of not meeting challenging academic standards and who reside in areas with high concentrations of children from low-income families. In addition, to support effective, research-based educational strategies that close the achievement gap between high and low-performing students and enable the students to meet the state's challenging academic standards.

Description of District Program

Each eligible Title I SWP or TAS school develops, in consultation with the LEA, a comprehensive School Plan for Student Achievement (SPSA). The SPSA is used to guide the instructional program and ensure alignment with the goals and targets of the LEAP. The SPSA provides opportunities for all students to meet proficient and advanced levels of student academic achievement as defined by the state.

This SPSA describes how each school will implement the following Title I components:

- o A comprehensive needs assessment of the entire school using School Data Profiles, and State/District assessment data that has been reviewed and analyzed to develop reform strategies;
- o School wide reform strategies
 - opportunities for all children to meet the State's proficient and advanced levels of academic achievement
 - use effective methods and instructional strategies that are based on scientifically-based research that strengthen the core academic program in the school;
 - increase the amount and quality of learning time, such as providing an extended school year, before- and after-school and summer programs and opportunities, and help provide an enriched and accelerated curriculum
 - include strategies for meeting the educational needs of historically underserved populations such as females and African Americans
 - include strategies to address the needs of all children in the school, but particularly the needs of low-achieving children and those at risk of not meeting the State student academic achievement standards, which may include counseling, pupil services, and mentoring services; college and career awareness and preparation, such as college and career guidance, personal finance education, and innovative teaching methods, which may include applied learning and team-teaching strategies; and the integration of vocational and technical education programs; and address how the school will determine if such needs have been met; and are consistent with, and are designed to implement the State and local improvement plans.
- o Instruction by highly qualified teachers.
- o High-quality and ongoing professional development for teachers, principals, and paraprofessionals, parents, community members, and other staff to enable all students in the school to meet the State's student academic achievement standards.
- o Strategies to attract high-quality highly qualified teachers to high-need schools.
- o Parental involvement strategies include participating in plan writing (developing, implementing, evaluating), developing School-Parent Compact, Parent Involvement Policy, attending Site/District committees, partnering with Site/District professional development activities, and decision-making regarding how funds are allocated for parental involvement activities.
- o Plans for assisting preschool children in the transition from early childhood programs, such as Head Start, Even Start, Early Reading First, or a State-run preschool program, to local elementary school programs. The District provides a variety of school-based and work-based learning opportunities aligned to academic content standards. Through the Regional Occupation Program, career academies, and other career technical programs, students have access to programs that meet University of California a-g requirements and are articulated with the community college and California State University system. Through partnerships with the Riverside Community College and California State University campuses, teachers collaborate and articulate curriculum, pathways are defined, and the need for remediation in English, ELD and mathematics are being addressed prior to graduation from high school.

- o Measures to include teachers in the decisions regarding the use of academic assessments described in order to provide information on, and to improve, the achievement of individual students and the overall instructional program.
- o Activities to ensure that students who experience difficulty mastering the proficient or advanced levels of academic achievement shall be provided with effective, timely additional assistance which shall include measures to ensure students' difficulties are identified on a timely basis and to provide sufficient information on which to base effective assistance.
- o Coordination and integration of Federal, State, and local services and programs, including violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.
- o Supplemental programs reflect the needs of at-risk, ELL, GATE, RSP/SDC, and disabled students, and may include services for social, emotional and physical challenges through access to psychologists, personal services consultants, counselors, and nurses.
- o Homeless students are provided with immediate enrollment, transportation, age-appropriate tutorial sessions, peer counseling, and mentoring and parenting skill development. Additional support includes college/career awareness and preparation, the integration of vocational and technical education, applied learning, and team teaching.

Title I funds may only be used to supplement, not supplant.

District Objectives

The District goal for Title I School wide (SWP) and Targeted Assisted Schools (TAS) is to improve student achievement to meet the State's proficient and advanced skills in the language arts and mathematics program

Description of Site Program

The parameters around which the Arlanza staff and community will work to support at-risk students are as follows:

- 1) We will collaboratively develop policies that support equitable learning opportunities for all.
- 2) We will hold everyone to a high level of accountability.
- 3) We will not allow economic, social, and academic barriers to impede the safety and education of our students.
- 4) We will respect and value the diverse roles of all individuals and their contributions.
- 5) We will only tolerate beliefs, decisions, and actions that inspire students to succeed.

Arlanza believes that all students have a right to a world-class education and that success is our shared responsibility. Furthermore, our school and district is strengthened by engaged learning, and a diverse community. We also believe that innovation and inspiration transforms lives and that excellence is within everyone. Through the actions noted in this SPSA, we are committed to making manifest the following 9 strategies of the AUSD Strategic Plan:

- 1) We will redefine and establish programs for students who pursue an alternative educational pathway.
- 2) We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- 3) We will develop a comprehensive PreK-12 program that ensures quality and engaging instruction.
- 4) We will communicate effectively with all stakeholders in a clear and timely manner.
- 5) We will develop the character of each student to build a better and more unified community.
- 6) We will ensure, develop, and support exemplary staff at all levels of the organization.
- 7) We will develop a system for meaningful family engagement.
- 8) We will develop a learning environment that challenges all students to achieve excellence.
- 9) We will develop a learning organization to address the unique situation of each student.

The goal of the school-wide Title I program is a high-quality education for every child. At Arlanza, to ensure that all students receive a high-quality education and improve student achievement, systems have been in place to identify students who are at-risk in the areas of attendance, attitude/behavior and achievement. When administration, a staff member or parent sees one of these at-risk indicators, the first step is a referral to the grade level's Problem Solving Team (PST). This team receives and discusses the referrals and triages individualized support. Students may receive counseling, intervention, work with a mentor or start a homework log. One area of support may be the scheduling of a Student Success Team meeting (SST). This on-going referral process supports teachers and meets students needs in a timely manner.

A critical component of the Title I program at Arlanza is implementing a comprehensive Multi-Tiered System of Supports (MTSS). In ensuring all students receive high-quality, first best instruction (Tier 1) that results in increased levels of learning, all TK-5 teachers and paraprofessionals receive ongoing professional development and coaching on Common Core State Standards and research-based instructional practices contained within the English Language Arts/English The School Plan for Student Achievement

Language Development Framework for California Public Schools. All teachers meet regularly in their respective grade levels to cognitively plan lessons, determine artifacts of student learning, engage in instructional rounds, analyze student data, and group students for targeted instruction (Tier 2 and Tier 3). All students in grades TK-5 receive daily, differentiated first best instruction in foundational skills: print concepts (TK-1), phonological awareness (TK-1), phonics and word recognition (TK-5), and fluency (TK-5) (Tier 1). Additionally, targeted students in grades TK-5 receive responsive, small group intervention instruction within the instructional day on lacking foundational skills (Tier 2 and Tier 3) and other standards-based skills.

School Library Assistant: Multi-funded 43% Title I Site (\$20,414) and 57% LCFF-LI District (\$26,174)

| Title | Description |
|--------------------------|--|
| School Library Assistant | Provides supplemental literacy support for students and parent literacy opportunities. |

Objectives

1. Continue to implement data-driven systematic intervention for both ELA and Math.
2. Use the data team process to look at student needs and determine appropriate interventions.
3. Participate in collaboration during early release days and timebanking during which teachers analyze data, choose standards and plan strategies in areas of student weaknesses. Data is analyzed by grade level teams, then teachers decide on which strategies they will employ for three to four weeks, at which time a post-test is given.
4. Fully implement Arlanza's MTSS model. This includes grade level Problem Solving Teams (PST) and possible referrals to Coordination of Services Team (COST) and/or Student Success Team (SST).
5. Offer "Bridging to..." workshops to keep parents of all incoming grade levels, TK-5, informed of school policies and expectations as a means of achieving a smooth transition to school.
6. As a staff, we will continue to keep parents informed of school events, students progress, and parent events through written communication, use of the Blackboard phone system, parent information meetings, and verbal communication.

Program Descriptions English Learner (EL) Program

Intent

To develop English Learners' proficiency in English and in the district's core curriculum as rapidly and as effectively as possible in an established English-language classroom or in an alternative course of study with curriculum designed for such students.

EL students who acquire a good working knowledge of English during a temporary transition period and meet the district's transfer criteria are then transferred into English-language mainstream classrooms. EL students are re-classified as fluent English proficient after meeting established criteria to ensure that these students have overcome language barriers, have recouped any academic deficits incurred in other areas of the curriculum, and can demonstrate English-language proficiency comparable to that of the school district's average native English-language speakers.

Description of District Program

The Alvord Unified School District currently provides the following basic instructional service programs to identified English Learner (EL) students:

- o Structured English Immersion (SEI): K-12 EL students who are assessed on the English Language Proficiency Assessments for California (ELPAC) and score at "less than reasonable levels of fluency in English" receive a minimum of 30 minutes daily English Language Development (ELD) instruction at their fluency level, and access to core content subjects through specially designed academic instruction in English (SDAIE) techniques and primary language support. The district uses ELPAC levels 1-3 to identify the SEI students. Standards-based ELD instruction focuses on essential English listening, speaking, reading and writing skills, and is directed to students' English proficiency levels. Teachers provide comprehensible core content instruction, based on state grade-level standards, and appropriate SDAIE instructional strategies. Bilingual Instructional Assistants provide primary language support for core content instruction. In the SEI program, both ELD and content courses are taught by teachers with appropriate EL State authorizations or interim teachers in training for the appropriate EL State authorizations.
- o English Language Mainstream (ELM): K-12 EL students who are assessed on the ELPAC and score at "reasonable levels of fluency in English" (ELPAC levels 4 - 5) receive standards-based ELD instruction daily, with listening, speaking, reading and writing skills at students' English proficiency levels. SDAIE strategies continue to be used in the core content subjects. Teachers in the ELM classroom are responsible for providing services and instruction that continues the students English Language Development, prepares them for reclassification, and recoups any academic deficits that may have been incurred in the core curriculum as a result of language barriers. Teachers in the ELM program hold appropriate State EL authorizations or, as interim teachers, are in training for those authorizations.
- o Alternative bilingual program: Spanish speaking K-12 EL students whose parents sign and are granted a parental waiver are enrolled in the district alternative bilingual program. Students enrolled in this program receive daily standards-based academic instruction through their primary language in core content subjects and daily standards-based English instruction in ELD. As students increase their English proficiency, they receive access to increasing amounts of English core instruction, provided through SDAIE instructional strategies.

The Alvord Unified School District uses state LCFF funds and federal funds, including Title III funding to provide the following supplemental services to increase the effectiveness of instruction for EL students:

- o Professional Development, mentoring, and coaching of district stakeholders including teachers, administrators, paraprofessionals, other staff, parents, or community members to increase the linguistic and academic achievement of English learners
- o Staff development includes use of Instructional Specialists-English Learners to provide research-based support for elementary and/or secondary teachers, staff, and parents of EL students involved with instruction for English Learners, including tutorials (before and after school hours), intervention programs (during the school day), or summer school classes targeted to EL student needs.
- o Bilingual assistants at each school to provide primary language support in core academic subjects for English Learners with a focus on EL students at lower proficiency levels.

A District Title III Year 4 Action Plan has been implemented to meet the Proficient goals of Annual Measureable Achievement Objective (AMAO) 3 in Reading/Language Arts and mathematics and maintain continued achievement of AMAO 1 & 2. The Plan incorporates quarterly monitoring of site/District strategies including:

- o use of EL assessment data
- o collaborative EL lesson planning
- o administrator supervision of differentiated instruction
- o implementation of EL differentiated professional development strategies
- o improved EL access to core, intervention and advanced materials and courses
- o increased EL parent/advisory training to understand/assist their own children's educational needs

Title III funds may only be used to supplement, not supplant.

Description of Site Program

The EL Program at Arlanza addresses all nine strategies of the AUSD Strategic Plan, but in particular:

- 1) We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- 2) We will develop a comprehensive PreK-12 program that ensures quality and engaging instruction.
- 3) We will communicate effectively with all stakeholders in a clear and timely manner.
- 4) We will develop the character of each student to build a better and more unified community.
- 5) We will ensure, develop, and support exemplary staff at all levels of the organization.
- 6) We will develop a system for meaningful family engagement.
- 7) We will develop a learning environment that challenges all students to achieve excellence.
- 8) We will develop a learning organization to address the unique situation of each student.

At Arlanza, three bilingual assistants provide primary language support during core instruction in ELA and Math for students at ELPAC level 1 in grades TK-5. Bilingual assistants interpret instruction and concepts being taught and support students participation in the ensuing dialogue between peers and teacher. During the 2018-2019 school year, 2 of 3 BIAs worked additional hours to provide additional primary language support across the instructional day. This endeavor designated \$9,204 of LCFF-EL funds for additional BIA hours - 2 hours per day, 4 days per week, for 2 BIAs.

In addition to having bilingual assistant support to bridge learning of core content, EL students at Arlanza minimally receive 30 minutes of Designated English Language Development (D-ELD) at their respective ELPAC proficiency level. Grade level teams work collaboratively to group students by proficiency level and teachers provide targeted instruction in developing skills in reading, writing, listening and speaking of the English language. Students move to the appropriate class where they receive the D-ELD instruction. To support EL student learning outside of D-ELD, teachers have been trained to use SDAIE, SIOP, GLAD, TPR, and other research-based strategies to bridge learning during the instructional day with Intergrated ELD (I-ELD). Additionally, in grades 1-5, there are designated ELM and SEI classes as follows:

1st grade: 2 ELM and 2 SEI classes
2nd grade: 2 ELM and 2 SEI classes
3rd grade: 2 ELM and 1 SEI classes
4th grade: 2 ELM and 1 SEI classes
5th grade: 2 ELM and 1 SEI classes

Personnel (List the staff to be paid from Categorical Funds. DO NOT list additional hours. List the positions, percentage and cost for each funding amount.)

Three Bilingual Assistants: multi-funded 50% Title I District and 50% Title III District (TI-\$9,574, \$11,477 & \$6,044) and (TIII-\$9,574, \$11,477 & \$6,044)

English Learner Facilitator Stipend: 100% LCFF-EL Site (\$3,307)

| Title | Description |
|-----------------------------------|--|
| Bilingual Instructional Assistant | Three bilingual assistants provide primary language support for English Learners during classroom instruction, intervention assistance in the reinforcement of phonetic instruction and reading comprehension and math support via small groups and individual assistance, and support for at risk students. |
| English Learner Facilitator | Attends district meetings and plans professional development for teachers to support implementation of EL program, build capacity and maintain record of compliance, assists with re-designation process. |

Objectives

1. Arlanza will provide multiple opportunities to assist students at the Beginning and Early Intermediate levels in order to provide access to the core curriculum.
2. Arlanza will provide at least 30 minutes of Designated ELD instruction daily for EL students at their proficiency level.
3. Arlanza will provide targeted intervention to EL students who score at any ELPAC level for two or more years.
4. Arlanza will provide parent education to increase awareness of the family role in the success of a student.
5. Arlanza will implement first best instruction using the instructional models referenced in the California State ELA/ELD Framework.
6. Arlanza will provide additional intervention WITHIN the instructional day for those students that have remained at level 2 on ELPAC for two years or longer.

Program Descriptions
Gifted and Talented Education (GATE) Services

Intent

To identify gifted and talented students, including those from diverse racial, socio-economic, linguistic, and cultural backgrounds, and provide high quality differentiated learning opportunities that meet the students' particular abilities and talents.

Description of District Services

Gifted and Talented Education services shall be available to provide unique learning environments and opportunities for pupils who are identified as gifted and talented as measured by tests and demonstrations of intellectual achievement and unique production. Full participation of pupils from economically disadvantaged and varying cultural backgrounds shall be ensured.

The Alvord Unified School District is committed to providing appropriate and challenging services to meet the diverse needs of gifted and talented students. Administrators, teachers and parents are provided with growth opportunities in meeting these needs. Given a stimulating learning environment, students meet their full potential and demonstrate their unique productive talents as they work through challenging situations

The Alvord Unified School District GATE services have provisions for:

- o Differentiated opportunities for learning commensurate with abilities and talents of individuals
- o Development of sensitivity and responsibility to others
- o Assistance in developing self-generating problem-solving abilities
- o Support in developing a realistic and healthy self-concept
- o Alvord Unified School District has a wide range of options for GATE students at varying sites:
 - Differentiation within the regular classroom
 - Enrichment opportunities
 - Special group instruction away from the regular class
 - Classes in which GATE students are clustered
 - Seminars and study trips
 - Grade level advancement
 - College level courses (Honors, Advanced Placement, International Baccalaureate)

GATE students receive differentiated curriculum and instruction throughout the regular school day, as well as during enrichment opportunities. Appropriate differentiation refers to the following principles, when applied to the standard adopted instruction and curriculum: Depth, Complexity, Novelty, and Acceleration, according to standards adopted by the California Association for the Gifted (CAG).

Description of Site Services

The GATE program at Arlanza supports the following strategies of the AUSD Strategic Plan:

- 1) We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- 2) We will develop a learning environment that challenges all students to achieve excellence.
- 3) We will develop a learning organization to address the unique situation of each student.

The Gifted and Talented students at Arlanza are integrated in regular classrooms where teachers implement differentiated learning experiences within the instructional day. Grade level teachers meet during early release day collaborations to determine the most effective strategies in differentiating the curriculum for GATE and all students.

Objectives

- 1) Arlanza would like to increase the involvement of parents of GATE students and their parents.
- 2) Arlanza would like to provide extracurricular enrichment activities and study trips for GATE students, both within and after the school day.

Program Descriptions Special Education Program

Intent

All individuals with exceptional needs have a right to participate in free appropriate public education. Special educational instruction and services for these persons are needed in order to ensure the right to an appropriate educational opportunity to meet their unique needs, prepare them for further education, employment and independent living.

Description of District Services

Special Education ensures that all individuals with exceptional needs are appropriately identified and assessed. Students are provided a free appropriate public education program to meet their unique needs, prepare them for further education, employment and independent living. A full continuum of program options for special education and related services is available to meet the educational and service needs of these students, including general education, Specially designed academic instruction, related services, and transportation.

Students are offered full and equitable opportunities which promote maximum interaction with non-disabled peers in the least restrictive environment. Steps are taken to ensure that individuals with exceptional needs participate in academic, nonacademic, and extracurricular services and activities to promote maximum interaction with the general school population. Policies and procedures regarding parent involvement and IEP development are clearly defined, consistently used, and documented through SELPA. There is coordination of instruction and curriculum with special and regular education staff.

Objectives

- o All individuals with exceptional needs are appropriately identified, assessed in all areas of suspected disability.
- o Students with disabilities are provided free appropriate public education programs and services to meet their unique needs, prepare them for further education, employment and independent living.
- o Increase collaboration between Special education teachers, related service providers and general education teachers to best support students.

Description of Site Services

The AUSD Strategic Plan notes the District's values, vision, mission, and beliefs. It is noteworthy that Arlanza's Special Education staff and program embraces courage, inclusiveness, innovation and integrity. The staff believes that all students will realize their unlimited potential. To that end, the following strategies are addressed through Arlanza's Special Education program:

- 1) We will redefine and establish programs for students who pursue an alternative educational pathway.
- 2) We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- 3) We will develop a comprehensive PreK-5 program that ensures quality and engaging instruction.
- 4) We will develop a learning organization to address the unique situation of each student.

Special Education ensures that all individuals with exceptional needs are appropriately identified, assessed, and provided free appropriate public education programs and services designed to meet their unique needs. A continuum of program options for special education and related services is available to meet the educational and service needs of these students including general education, resource specialist program, designated instruction and services, and special day classes. Students are offered full and equitable opportunities, which promote maximum interaction with non-disabled peers in the least restrictive environment. Steps are taken to ensure that individuals with exceptional needs participate in academic, nonacademic, and extracurricular services and activities to promote maximum interaction with the general school population. Policies and procedures regarding parent involvement and Individualized Education Programs are clearly defined, consistently used, and documented through SELPA.

Arlanza's Special Education program includes a cohesive special services team that collaborates with regular education teachers to coordinate instruction and curriculum. The special services team consists of a Resource Specialist, a Speech and Language Pathologist, a school psychologist, and one full-time instructional assistant. In addition, the Student Success Team provides a forum for the articulation of students' special needs regarding instruction, curriculum, and behavior modification. Together, Arlanza's special education staff works to ensure that all students with identified needs are opportunity to succeed.

Special Education Collaboration

The Resource Specialist teacher and Speech and Language Pathologist at Arlanza Elementary work collaboratively with regular education teachers. This collaboration manifests in Problem Solving Team (PST) meetings where a grade level team of teachers meets to discuss particular student needs, and appropriate, targeted, tiered interventions are identified and implemented. If a student continues to demonstrate a need for further support, the PST makes a referral to the Coordination of Services Team (COST) where further dialogue and more intensive interventions are planned and executed. Parents are always involved and informed of the support being provided their student. The COST team is made up of various members of the SST team, referring teachers, and other support staff who provide insights, suggestions, and services to identified students. If, after several interventions through COST are not providing the support a student needs to improve, the COST team makes a referral for an initial Student Success Team (SST) meeting. The members of SST work collaboratively with the parent to determine the next best steps to support a student's needs in the least restrictive environment.

Objectives

- 1) To provide identified special education students with instruction in the least restrictive environment by providing a “push-in” model as well as a “pull-out” model for those students needing intensive focus to meet their IEP goals.
- 2) To provide a cohesive and seamless curricular program that promotes mastery of the content standards and the achievement of goals indicated in a student's IEP.
- 3) To instruct special education students in the Common Core State Standards. Instruction is provided by the regular education teacher and the Resource Specialist through first best instruction and interventions.

Program Descriptions Technology Program

Intent

To provide students with up-to-date technology to enhance their academic proficiency in language arts, math, science, and history.

Description of District Services

The District believes that through the meaningful integration of technology, student academic achievement can be improved. To facilitate this integration, the District developed a comprehensive technology plan that includes both curriculum and professional development components detailing how teachers and students will incorporate technology into the teaching and learning processes. The overall goal of integrating technology into the learning and teaching processes is to help all students attain proficiency in mathematics and language arts and enable all students to earn a high school diploma.

Before developing this plan, the District assessed the current practices and access to technology of all its elementary, middle and high schools. The course of action to bring technology to teachers and students include:

- o Using technology to improve teaching and learning
- o Assisting students acquire technology and information literacy skills
- o Utilizing technology that ensures appropriate access to all students
- o Using technology for efficient student record keeping and assessment
- o Making teachers and administrators more accessible to parents via utilizing technology
- o Providing professional development opportunities for administrators and teachers

The District will monitor its success and progress with implementing the curriculum content and professional development technology components on an annual basis.

The school's current technology practices and site technology objectives are described in the next two sections.

Description of Site Program

The Technology Program at Arlanza supports the following AUSD Strategic Plan Strategies:

- 1) We will develop a comprehensive PreK-5 program that ensures quality and engaging instruction.
- 2) We will communicate effectively with all stakeholders in a clear and timely manner.
- 3) We will develop a learning environment that challenges all students to achieve excellence.
- 4) We will develop a learning organization to address the unique situation of each student.

Title I and other categorical funding sources have provided Arlanza with a significant amount of technology in recent years. Technology is used to augment first best instruction and quality learning experiences. The technology is used in a way that supports the district's curricular goals for students (District plan pages 13-14). Currently the site has one computer lab that services students in grades TK through 5th grade with 35 Toshiba laptops. All classes rotate through the computer lab every week. Additionally, Arlanza boasts 11 laptop carts; one 40-device cart (HP Streams), and ten carts with 25-32 devices each in grades 3-5.

On average, classrooms have 5 computers. Classroom computers in grades 2-5 were replaced with Toshiba laptops at the beginning of the 2017-2018 school year. Teachers understand that the computer lab provides supplemental support of their instruction in language arts and math. Priority is given to whole group first best instruction in the classroom. The computer lab, while a great resource, is not meant to replace in-class instruction and teachers understand that if more time is needed for in class instruction, a scheduled lab time should not supersede maximizing minutes in the classroom.

Teachers have HP Revolve Elitebooks and HP ProDesk desktops available for their use to plan and deliver instruction and to record grades or create instructional resources. The laptops may be used at work and at home and work in conjunction with document cameras, LCD projectors and SMART board technology. Teachers are able to produce PowerPoint lessons or use other programs and use the audio-visual features of various classroom technology to enhance

instruction. More training on these various technological resources is needed, especially the use of SMART boards which are interactive white boards, to maximize the impact of first best instruction.

All classroom computers are connected to the Internet through the district Wi-Fi system. Teachers are encouraged to communicate with other staff and administration through email as well as other means. Teachers are informed of data collection resources such as EADMS and are able to access data on the performance of their students (District Plan, page 13). There are 6 computers and scanners dedicated to printing scan sheets for short cycle common assessments and scanning results for immediate feedback. All classrooms have printers as well. Students have opportunities to interact with and use technology on campus (District Plan, page 17). More efforts to increase student use of technology is needed, especially as the district and site moves toward instruction and learning of Common Core Standards. To that end, in grades TK-2nd, the potential purchase of tablets for instructional use will be considered at a 1:1 ratio as well.

All students and teachers who use the Internet are required to sign (or have parents sign) and Acceptable Use Policy that is kept on file at the site (District Plan, page 20)

While Arlanza has an abundance of technological resources, there is a real need for a comprehensive plan related to the use of technology for instructional and learning purposes so that there is a guiding priority for purchasing and implementing further technology in the future. This will be aligned with the district's technology plan. This site also needs to continue to provide training to staff on best practices when using technology so that teacher knowledge and effective use of technology increases (District Plan, page 26). While it is generally believed that only a minority of the site's parents have Internet access, over time, this situation may change. The site will need to consider ways to make teachers and administrators more accessible to parents through email (District Plan, page 23). While many of the objectives have begun to be met, there is always room for improvement.

Objectives

- 1) Empower learners (faculty, staff, and students) by providing them with the technological skills to acquire, analyze, and present information.
- 2) Integrate the use of technology throughout the curriculum.
- 3) Ensure that teachers have the knowledge, skills, and disposition to use technology to facilitate project-based learning.
- 4) Reduce the isolation of classroom teachers by providing them with a datalink to enhance collaboration and communication.
- 5) Ensure that students and staff have an understanding of the ethical use, function, impact, and possibilities of technology.

**Program Descriptions
School Safety Program****Intent**

To provide counseling services to students and families to reduce and prevent drug, alcohol, tobacco use, and violence.

Description of District Services

Student Services supports drug, alcohol, tobacco, and violence prevention and reduction counseling services in order for all students to attend safe and drug-free schools. The focus is to reduce barriers to learning and build resiliency factors leading to student success, academically, emotionally, socially, and physically.

The district contracts with providers to offer counseling services to students and families at each school site throughout the school year. Counseling services consist of drug, alcohol, and violence prevention and reduction training. Students learn to recognize and relinquish harmful behaviors and habits, and develop strategies for a successful school career and life.

Description of Site Program

The School Safety Program at Arlanza supports the following strategies of the AUSD Strategic Plan:

- 1) We will collaborate with partners and each other for the benefit of our students and the future of our community.
- 2) We will communicate effectively with all stakeholders in a clear and timely manner.
- 3) We will develop the character of each student to build a better and more unified community.
- 4) We will develop a learning organization to address the unique situation of each student.

As part of the developing and maintaining its culture of universal achievement, Arlanza is dedicated to ensuring student safety at all levels. For the 2018-19 school year, Arlanza will continue to implement components of the Positive Behavior Intervention and Support (PBIS) model to develop systematic ways to modify behavior and promote positive, progressive discipline where students are accountable for their actions and staff have a common language and manner to address various misbehaviors. To build assets in the students, the staff supports the importance of 7 Habits of Highly Effective Students and its link to student achievement. Character building is a daily focus through the reciting of the Daily Character Pledge and an incentive program that recognizes students who are demonstrating any of the 7 Habits.

During Red Ribbon Week, curriculum focused on awareness of the dangers of drug and alcohol use and abuse will be shared with students. Arlanza partners with the Elks Lodge of Riverside to promote drug awareness among students and the community. The Elks Lodge hosts a door-decorating contest and an essay contest around the topic of being drug-free.

Arlanza's centrally-funded, full-time site counselor hosts regular group sessions for all students, TK-5. Students receive comprehensive social-and skill-building curriculum that focus on developing students' social-emotional skills, including making friends, managing emotions, and solving problems. The Counselor also works with students one-on-one based on parent, teacher, administrative, and student referral to address their social, psychological, and emotional needs.

Objectives

- 1) Students will become more aware of the dangers of alcohol and drug use.
- 2) Behavior standards assemblies will be delivered twice a year focusing on school rules and character education.
- 3) Teachers will be trained on specific strategies that they may use to intervene for emotional needs of students as part of the MTSS model through PBIS.
- 4) A centrally-funded Counselor will work with students (based on teacher, parent, and administrative referrals) to address their social, psychological, and emotional needs and academic/behavioral achievements. The Counselor will also teach focus lessons that center on developing students' social-emotional well being.

Program Descriptions Parent and Family Engagement Program

Intent

To establish strong, healthy, and systematic school, family, and community partnerships which lead to effective family engagement that supports student achievement and closes the achievement gap.

Description of District Services

The Board of Education recognizes that parents/guardians are their children's first and most influential teachers and that continued parental involvement in the education of children contributes greatly to student achievement and a positive school environment.

Parent involvement is encouraged through Board Policy and School Parent Compacts as a step in improving student achievement. All parents are kept informed of their child's progress toward meeting grade level standards through report cards and progress reports, parent workshops, conferences and meetings. District-wide expenditures from supplemental programs are designed to provide students additional support for succeeding with the core curriculum and to enhance parents' abilities to assist their children in the learning process.

In order to engage parents/guardians positively in their children's education, the Superintendent or designee shall ensure that staff members at each school:

1. Help parents/guardians develop parenting skills and provide home environments that support their children's academic efforts and their development as responsible members of society.
2. Inform parents/guardians that they can directly affect the success of their children's learning and provide them with techniques and strategies that they may use to improve their children's academic success and help their children in learning at home.
3. Initiate consistent and effective two-way communication between the home and school so that parents/guardians may know when and how to help their children in support of classroom learning activities.
4. Receive training that fosters effective and culturally sensitive communication with the home, including training and how to communicate with non-English speakers and how to give parents/guardians opportunities to assist in the instructional process in both at school and at home.
5. Encourage parents/guardians to serve as volunteers in the schools, attend student performances and school meetings, and participate in site councils, advisory councils and other activities in which they may undertake governance, advisory and advocacy roles.

Alvord schools have received Parent Engagement Initiative Leadership training (Parent PELI) and are forming Action Teams for Partnership (ATP) as an arm of their School Site Councils (SSC). These teams are made up of school staff, parents and community members who work together to set school goals and plan activities around Joyce Epstein's 6 Types of Parent Involvement in order to increase parent engagement and increase student achievement. All District parent involvement programs are built around these 6 types of parent involvement: Parenting, Communicating, Volunteering, Learning at Home, Decision Making, and Collaborating with the Community.

Description of Site Services

Parents are in integral factor in student success. To this end, Arlanza's Parent Involvement Program supports the following AUSD Strategic Plan strategies:

- 1) We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- 2) We will communicate effectively with all stakeholders in a clear and timely manner.
- 3) We will develop the character of each student to build a better and more unified community.
- 4) We will develop a system for meaningful family engagement.
- 5) We will develop a learning organization to address the unique situation of each student.

Arlanza has the following programs in place to augment parent involvement:

- Monthly Principal's Coffee, ELAC and SSC meetings
- Monthly TK parent workshops
- A Community Worker who will provide outreach support (phone calls, parent training, home visits, referrals to social agencies, etc) to bridge communication between home and school to support student achievement
- Monthly Family Involvement Nights
- Parent University with training topics to include, but not limited to: social/emotional/psychological well-being, learning at home, positive parenting and discipline, goal-setting, college/career readiness, common core standards, volunteer opportunities, communication, etc.
- Parent volunteers to support Breakfast in the Classroom program
- Parent volunteers to support School Safety Program

An ongoing challenge for Arlanza is establishing and maintaining an active PTA that sponsors fundraising events and academic incentive programs for students. The PTA saw a revival during the 14-15 school year, and was maintained until the end of the 17-18 school year. In spite of several calls for its re-establishment, a PTA has not yet been formed.

Objectives

Ultimately, Arlanza's parent involvement programs are implemented to empower parents to work cooperatively as full partners in working toward the mission of ensuring that each student will master or exceed state academic standards, while developing academic and life skills.

**Program Descriptions
Expanded Learning Program
Prime-Time / Half-Time**

Intent

Provide a safe and positive expanded learning environment for students of the Alvord Unified School District during the after school hours by providing daily educational, recreational, and enrichment activities. The main academic goal of the Expanded Learning Program is to assist students in increasing proficiency in Reading and Mathematics.

Description of District Services

Alvord's After School Programs is provided at 12 elementary schools and four middle schools. The program is aligned to the regular school day through the use of curriculum binders with activities that are aligned to the school day curriculum and a coach liaison at each site to provide instructional support.

The program provides both homework assistance and tutoring in order to support classroom instruction and help students attain state standards in Math, Language Arts, Science and Social Science. Materials used include technology based products and technology-based instruction to ensure the students are receiving individualized instruction in an interactive manner. Reinforcement and practice of skills taught takes place in a disguised manner using games and other non-traditional tools so that the students remain engaged after a long day at school. Alvord students are also engaged in high interest, high movement, motivational and enrichment activities. Enrichment activities are research based and promote asset development, character and leadership development, movement, collaboration and team building, creative expression, anger management, conflict resolution, and tolerance and appreciation of others. All activities provide high interest practice in academics, reinforce newly acquired skills, and promote the physical and emotional well-being of our students.

A few of the enrichment activities seen frequently at sites include board games to reinforce thinking, strategy and problem solving; craft projects that develop creativity; cooking including discussions about nutrition; and campus beautification and gardening projects. Each site provides an opportunity for student to showcase their enrichment talents. At the Elementary level, students participate in sports tournaments in Soccer and Soccer, or Basketball. At the Middle School level, a tournament is planned for these 5 sports: Soccer, Basketball, Football, Soccer, Volleyball, and Softball. Middle school students also have skateboarding, music (musical instruments), art and Wii clubs. The "Extravaganza" is a culminating event held at the end of each year for middle school students to showcase their projects, compete against each other in a variety of athletic events, and come together to show their school spirit.

Objectives

- Provide homework assistance.
- Improve students' attendance in school.
- Improve or maintain students' grades.
- Provide students opportunities to engage in cultural enrichment activities.
- Reduce/avoid harmful risk-taking behaviors among students.

Categorical and Local Control Funding Formula Allocation Narrative

2018-2019

Directors, Coordinators, Instructional Specialists, Director's Assistant, Assessment/Evaluation Technician, Secretary, Clerks, and part-time clerical assistance staff the Categorical/English Language Learners Offices and provide indirect services. Bilingual assistants, project specialists/instructional coaches, intervention teachers, librarians, elementary library assistants, and instructional computer assistants provide direct support to school sites. These positions are single and multi-funded from a combination of sources including, Title I (TI), Title III (TIII) and Local Control Funding Formula (LCFF) funds. LCFF supplemental and concentration grants are targeted to increase and improve services for students from low-income families, English learners, and foster youth.

Funding for Title I is applied for annually through the Consolidated Programs Application process. Funding allocations to the schools are on a per pupil basis. The Central Office monitors the expenditures of program funds for a variety of programmatic considerations. Foremost among the considerations are guidelines for the use of the funds that will meet the needs of students and the annual audit requirements including the Federal Program Monitoring (FPM) criteria. The school's portion of each program is as follows:

LCFF-LI funds provide targeted support for students from low income families and foster youth at each site which supplements and supports the district's educational program. The school's allocation is \$22,727.

LCFF-EL funds provide targeted support for English Language Learners (ELL) at each site which supplements and supports the district's educational program for ELL students. The school's allocation is \$31,739.

Title I funds provide support for students at risk of not meeting academic standards and who reside in areas with high concentrations of children from low-income families. The school's allocation for Title I is \$229,913. There is a carryover of 0 for a total allocation of 229,913

Parent Involvement Policy (Title I Schools)

Each Title I school is required to develop a written parent and family engagement policy. This policy describes how the school will support and increase parent and family engagement. The parent involvement policy must be developed with parents/community and include participation from all appropriate advisory committees and be approved by the School Site Council. The written parent involvement policy at Title I schools must include how parents will be informed of the school's Title I program requirements.

Schools who are allocated Title I/ funds must develop a written parent and family engagement policy with the participation of parents, families, and community members that describes how the school will:

- a. engage parents and family members in their children's education
- b. inform parents and family members that they can directly effect the success of their children's learning
- c. build consistent and effective communication between home/school
- d. train teachers and administrators to communicate effectively with parents and families
- e. integrate parent and family members programs with the SPSA (EC 11504)

Attach Parent and Family Engagement Policy (Title I Schools)

School-Parent Compact (Title I Schools)

Section 1116(a) of ESSA advocates shared responsibilities for high student achievement. The school-parent compact is a component of the Parent and Family Engagement Policy. Each Title I school shall jointly develop with parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student achievement.

Attach School-Parent Compact (Title I Schools)

ARLANZA ELEMENTARY SCHOOL PARENTAL INVOLVEMENT POLICY 2017-2019

PART I: GENERAL EXPECTATIONS

The goal of the parent involvement program is to empower parents to work cooperatively as full partners in working toward the mission of ensuring that each student will master or exceed Common Core State Standards (CCSS), while developing academic and life skills.

Arlanza Elementary School agrees to implement the following statutory requirements:

- The school will jointly develop with parents, distribute to parents of participating children, a School Parental Involvement Policy that the school and parents of participating children agree on.
- The school will notify parents about the School Parental Involvement Policy in an understandable and uniform format and, to the extent practicable, will distribute this policy to parents in a language the parents can understand.
- The school will periodically update the School Parental Involvement Policy to meet the changing needs of parents and the school.
- The school will adopt the school's School-Parent Compact as a component of its School Parental Involvement Policy.
- The school agrees to be governed by the following statutory definition of parental involvement, and will carry out programs, activities and procedures in accordance with this definition:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, ensuring:

- that parents play an integral role in assisting their child's learning.
- that parents are encouraged to be actively involved in their child's education at school.
- that parents are full partners in their child's education and are included, as appropriate, in decision-making and are members of advisory committees to assist in the education of their child.
- the carrying out of other activities, such as those described in section 1118 of the Elementary and Secondary Education Act (ESEA).

ESCUELA PRIMARIA ARLANZA

PÓLITICA DE PARTICIPACIÓN ESCOLAR DE PADRES

2017-2019

PARTE I: EXPECTATIVAS GENERALES

La meta del programa de participación de padres es permitirles que en cooperación como socios completos trabajen hacia la misión de asegurar que cada estudiante dominará o excederá los estándares académicos del estado, al mismo tiempo que desarrollan habilidades de vida y académicas.

La Escuela Primaria Arlanza está de acuerdo en implementar los siguientes estatutos como requisitos:

- La escuela junto con los padres desarrollará y distribuirá a los padres de los estudiantes participantes una política Escolar de Participación de Padres en la que ambas partes estén de acuerdo.
- La escuela notificará a los padres acerca de la política Escolar de Participación de Padres en un formato uniforme, fácil de entender y de ser posible se distribuirá en el idioma que los padres entiendan.
- La escuela, periódicamente pondrá al día la política a Escolar de Participación de Padres para cubrir los cambios en las necesidades de los padres y de la escuela.
- La escuela adoptará el Acuerdo Escuela-Padres como un componente de la Política Escolar de Participación de Padres.
- La escuela está de acuerdo en regirse por la definición de los siguientes estatutos de participación de padres y producirán programas, actividades y procedimientos de acuerdo con esta definición.

Participación de los Padres significa, la colaboración de los padres para mantener la comunicación entre ellos y la escuela de manera regular en cuanto a lo que se relacione al aprendizaje académico de los estudiantes y otras actividades escolares, asegurando que:

- los padres tengan una participación integral ayudando en el aprendizaje de sus hijos.
- los padres sean motivados para que participen activamente dentro de la escuela en la educación de sus hijos.
- los padres sean socios activos en la educación de sus hijos y que sean incluidos, cuando sea apropiado, en la toma de decisiones y que sean miembros de los comités consejeros para ayudar en la educación de sus hijos.
- la realización de otras actividades, tales como las que se describen en la sección 1118 de Ley de Educación Primaria y Secundaria (ESEA).

PART II: DESCRIPTION OF HOW THE SCHOOL WILL IMPLEMENT REQUIRED SCHOOL PARENTAL INVOLVEMENT POLICY COMPONENTS

1. Arlanza Elementary School will take the following actions to involve parents in the joint development and joint agreement of its School Parental Involvement Policy and its school wide plan, if applicable, in an organized, ongoing, and timely way under section 1118(b) of the ESEA:
 - Input from parents will be given at School Site Council (SSC), English Learner Advisory Council (ELAC) and Principal's Coffee meetings.
 - The revised policy will be shared by administration at Back to School Night and during the annual Title I parent informational meeting.
2. Arlanza Elementary School will take the following actions to distribute to parents of participating children the School Parental Involvement Policy:
 - The policy will be distributed by teachers on **Back-to-School Night**.
 - Additional copies of the policy will be available in the main office for students who enroll after **Back-to-School Night**.
3. Arlanza Elementary School will update periodically its School Parental Involvement Policy to meet the changing needs of parents and the school:
 - The policy will be updated every two years.
 - Review of school academic achievement, parental concerns, and safety issues will be activities that prompt review of the policy.
4. Arlanza Elementary School will convene an annual Title I meeting to inform parents:
 - That their child's school participates in Title I.
 1. Meetings will be held in the evening and morning to accommodate parents.
 2. Meeting notices will be sent home with all students.
 3. Parent incentives will be used to encourage meeting attendance.
 - About the requirements of Title I.
 - Of their rights to be involved.
5. Arlanza Elementary School will hold a flexible number of meetings at varying times, and provide transportation, child care, and/or home visits, paid for with Title I funding as long as these services relate to parental involvement:
 - Child care will be provided for meetings when applicable.
 - Meetings and workshops will be offered in the morning and evening to accommodate all parents.
 - Special contact (telephone calls or written notices) will be made to invite hard to reach parents.
 - Reminder calls will be made to students' homes utilizing the District's automated call system the night before.

PARTE II: DESCRIPCIÓN DE CÓMO LA ESCUELA IMPLEMENTARÁ LOS COMPONENTES REQUERIDOS DENTRO DE LA POLÍTICA ESCOLAR DE PARTICIPACIÓN DE PADRES

1. La Escuela Primaria Arlanza tomará las siguientes acciones para incluir a los padres en el desarrollo y acuerdo mutuo de su Política de Participación Escolar de Padres y del Plan Escolar, cuando sea apropiado, de una manera organizada, continua y a tiempo bajo la sección 1118(b) de ESEA:
 - Los padres ofrecerán sus opiniones durante las reuniones del Concilio Escolar (SSC), Comité Consejero para Aprendices del Idioma Inglés (ELAC) y Café con el Director.
 - Una vez revisada, la POLÍTICA Escolar será compartida por la directora durante la Noche de Regreso a Clases y durante la reunión de información de los padres del Título I anual
 - .

1st Motion: Mrs. Dickey; 2nd Motion: Mrs. Pierce

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

3. **Approval of Termination of Membership: Eloisa Arenas**

Mrs. Pierce shared that Mrs. Arenas submitted her verbal resignation via phone as her new work schedule does not permit her to attend meetings. Council approved her resignation.

1st Motion: Ms. Harvey; 2nd Motion: Mrs. Gonzalez

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

4. **Nomination and Approval of New Membership**

Mrs. Pierce nominated parent, Francesca Alvarez, to fill the vacancy created by Mrs. Arenas' resignation. Mrs. Alvarez accepted and Council approved.

1st Motion: Mrs. Pierce; 2nd Motion: Mrs. Gonzalez

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

5. **Approval of 2019-2019 Single Plan for Student Achievement (SPSA)**

a. **2018-2019 Title I, Part A Reservations, Required**

Mrs. Pierce explained Title I is a Federal funding source, and when received by the district, certain reservations are required. Alvord received \$5.5 million and is required to spend 1% of the total allocation towards parent involvement – involving parents more in academics – (\$5,339); Alvord is also required to set aside monies on transportation (\$65,000) and Homeless Service (\$32,000). Council approved district Title I required set-asides.

1st Motion: Mrs. Alvarez; 2nd Motion: Mrs. Dickey

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

After discussing this item, members provided input in regard to **parent involvement**, members suggested using the monies set aside for:

- o offering parents pathways to higher education
- o holding district-level Parent University classes
- o anti-bullying awareness classes

In regard to **transportation**, two questions were asked:

- o When will the district no longer have to provide NCLB transportation? Can the freed-up money be used for other things?

In regard to **homeless services**, the flowing input was captured:

- o More monies are needed in this area that set aside.
- o Maybe Operation School Bell can be expanded with the set-asides.
- o Target needy families during the holidays by providing food, clothing, and gifts.

The AUSD Promise: All students will realize their unlimited potential.

b. 2018-2019 Title I, Part A Reservations, Allowed

Mrs. Pierce continued by explaining the district is also allowed to set aside monies for centralized staffing (\$1,745,581) and summer extended learning opportunities (\$320,000). Council approved the district's allowable reservations.

1st Motion: Mrs. Harvey; 2nd Motion: Mrs. Gonzalez

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

After discussing this item, members provided input in regard to **allowed reservations**:

- o Increase Arlanza's community worker to 8 hours.
- o Add more BIAs across the district.
- o Add Instructional Aides in all classrooms.
- o Keep summer school for targeted students and add a day camp for all kids.

c. Approval of Participation in School Wide Program

Mrs. Pierce explained that Arlanza receives Title I funds as determined by the number of students receiving free and reduced meals. Mrs. Pierce also stated that, as a site, we have to decide whether not we will use the funds site wide, for all children, to improve teaching and learning of at-risk students. Mrs. Pierce shared that 95.8% of our students do, in fact, receive free and reduced lunch. Members discussed the percentage, then motioned to approve a School Wide Program.

1st Motion: Mrs. Alvarez; 2nd Motion: Mrs. Dickey

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

d. Approval of Participation School Based Coordinated Plan

Mrs. Pierce explained that a School Based Coordinated Program allows the site control over creating and expediting the School Plan for support student achievement using categorical funds as specified in the School Plan. After discussion among council members, motion was made to approve being a School Based Coordinated Program.

1st Motion: Mrs. Dickey; 2nd Motion: Mrs. Gonzalez

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

e. Approval of District Centralized Services Budget

Mrs. Pierce explained that centralized services are costs paid by the district and include, for example, such costs as service contracts, district-wide trainings, and even site-based personnel, such as Arlanza's community worker, computer lab assistant, and literacy teacher. After discussion among council members, motion was made to approve of Centralized Services.

1st Motion: Ms. Harvey; 2nd Motion: Ms. Albachten

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

f. Approval of Site Categorical Budgets

Mrs. Pierce reviewed the 2018-2019 budget allocations summary and explained site required reservations. Arlanza's 2018-2019 Title I allocation is \$229,913. Like the district, Arlanza must reserve a minimum of 1% for Parent Involvement (\$2,299); and also a minimum of 10% for Professional Development (\$22,991). Mrs. Pierce pointed out that allocations are equivalent to the penny to our expenditures. After reviewing and dialoguing, a motion was made to approve Site Categorical Budgets.

1st Motion: Mrs. Alvarez; 2nd Motion: Mrs. Dickey

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

Recommendations were offered as follows regarding **Parent Involvement**:

- o Increasing parent involvement opportunities in general
- o Offering parents training on topics such as: anti-bullying, empathy/social-emotional, alcohol/drug use, and social media dangers

The AUSD Promise: All students will realize their unlimited potential.

Recommendations were offered as follows regarding **Professional Development**:

- o Train ALL staff (classified and certificated) together at least 2 times per year
- o Bring guest speakers to teach others how to work with others better
- o Train teachers in empathy and social-emotional issues

g. Approval of School Safety Plan

Mrs. Pierce explained this was the first year the School Safety Plan was incorporated into the school plan. All sections of the plan were reviewed. Council, acting as the safety committee, approved the 2018-2019 school safety plan and entered digital signatures.

1st Motion: Ms. Harvey; 2nd Motion: Mrs. Dickey

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

h. Approval of Single Plan for Student Achievement (SPSA)

Mrs. Pierce explained that for each goal for teaching and learning there are specific and comprehensive actions planned to meet each respective goal and that most actions have costs, which are categorically funded from the three previously reviewed funding sources, Title I, LCFF-LI, and LCFF-EL. After reviewing the actions and associated costs, the council approved the 2018-2019 School Plan for Student Achievement (SPSA).

1st Motion: Mrs. Dickey; 2nd Motion: Mrs. Alvarez

#Yea: 6 #Noe: 0 Unanimous: ☒ Yes / No

- c. School attendance
Recendez discussed the importance of coming to school on time every day. She shared the rewards that are in place to motivate students to come to school.

Arlanza is currently offering an ice cream party to one class in grades K-2 and one in 3-5 for having the highest attendance for the month. Students also have the opportunity to earn a brag tag for every month they have perfect attendance. We also have class posters that earn prizes after everyone in the class is here on time.

d. EL Budget Discussion

Recendez shares the Language Power program that was purchased with EL funds. We also discuss the extension of BIA's to work with our beginning students.

e. DELAC Report

Francisca attended the DELAC meeting this month but was absent. Next month there will be a report.

f. R30

R30 data was shared by Recendez and parents had questions as to the number of ELLs at our school. There were also questions about why students are not reclassified until 4-5 grades. There was discussion about the concerns of students not being reclassified and how it is harder if it is done later in the educational career. Parents asked what happens if students are not reclassified before graduating high school. It was shared that college is more difficult and how remedial courses would have to be taken to have the academic skills necessary to succeed. One mother shared her frustration with her son's reluctance to speak English. She asked for suggestions on getting him to speak and be less embarrassed.

 - v. Requisitos de promoción y preparación universitaria.
 - vi. Proceso de reclasificación—como se reclasifican los alumnos y cuáles son los requisitos

Se pospuso la capacitación sobre la encuesta de necesidades hasta la próxima reunión para dar tiempo de evaluar el SPSA.
 - b. Evaluación del Plan Singular del Rendimiento Estudiantil (SPSA) 2017-2018.
 - i. Meta 1.1 – artes del lenguaje inglés
La meta del SPSA para ELA fue revisada. SSC eligió analizar los datos de los alumnos con desempeño por encima y aproximándose al estándar.
 - ii. Revisión de los Datos de Rendimiento Estudiantil
Los padres revisaron los datos y señalaron que Arlanza mejoró en las cuatro peticiones. CASSPP-pospuesto
 - iii. DIBELS-pospuesto
Proporcionar sugerencias para la meta 1.1 SPSA
Se hicieron las siguientes recomendaciones al SSC.

| | |
|-----------------------|--------------------------|
| Peticiones | 18-19 metas recomendadas |
| Lectura | 70% |
| Escritura | 65% |
| Habilidades auditivas | 85% |
| Investigación | 76% |
 - iv. Revisión de la política de la participación de padres del distrito 2018-2019-pospuesta
 - v. Revisión de la participación de padres de la escuela 2017-2019-pospuesta
 - vi. Revisión del acuerdo Título 1 de la escuela 2017-2019- pospuesta
- c. Asistencia escolar

Recendez dialogo sobre la importancia de llegar a la escuela puntualmente todos los días. Ella habló de las recompensas que existen para motivar a los alumnos a asistir a la escuela. Arlanza ofrece actualmente una fiesta de helados para una clase en los grados K-2 y una en 3-5 por tener los niveles asistencia escolar más altos del mes. Los alumnos también tienen la oportunidad de ganar una etiqueta de presumir (*brag tag*) por cada mes que tienen asistencia perfecta. También cada clase tiene un póster con el cual pueden ganar premios cuando todos están en clases puntualmente.

d. Diálogo del presupuesto EL

Recendez habló del programa *Language Power* que se compró con los fondos de EL. También dialogamos sobre la extensión de BIA para trabajar con nuestros alumnos en nivel de principiantes.

e. Reporte DELAC

Francisca asistió a la junta DELAC, pero estuvo ausente este mes. Habrá un reporte el próximo mes.

f. R30

Recendez compartió los datos de R30 y los padres tenían preguntas sobre la cantidad de alumnos ELL en nuestra escuela. También hubo preguntas sobre por qué los alumnos no son reclasificados hasta el 4° a 5°. Hubo un dialogo sobre las preocupaciones de los alumnos que no fueron reclasificados y cómo es más difícil si se hace más adelante en la trayectoria educativa. Los padres preguntaron qué sucede si los alumnos no son reclasificados antes de graduarse de la escuela secundaria. Se compartió que el trabajo en la universidad es más difícil y cómo deberían tomarse cursos de recuperación para tener las habilidades académicas necesarias para tener éxito. Una madre compartió su frustración con la renuencia de su hijo a hablar inglés. Ella pidió sugerencias para que él hable y se sienta menos avergonzado.

IV. Otra sesión de audiencia

Este asunto se coloca en la Agenda para dar a los miembros de la audiencia la oportunidad de opinar sobre los asuntos o preocupaciones que no aparecen en la Agenda.
