

2018-2019
School Plan for Student Achievement (SPSA)

Twinhill Elementary School

The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the Consolidated Application (ConApp) and ESEA Program Improvement into the SPSA.

Recommendations and Assurances		
The school site council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval, and assures the board of the following:		
1. The school site council is correctly constituted, and was formed in accordance with district governing board policy and state law.		
2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.		
3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan. Meeting documentation is on file at the school site and district. (Check those that apply and list date of meeting) <input checked="" type="checkbox"/> English Learner Advisory Committee: December 6, 2018 <input checked="" type="checkbox"/> Leadership Team/Department Advisory Committee: October 29, 2018 <input type="checkbox"/> Other committees established by the school (LIST):		
4. The SSC reviewed the content requirements for school plans of programs included in this SPSA, and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan (LEAP).		
5. This SPSA is based upon a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.		
6. The SSC has reviewed the School Based Coordinated Program legislation and has decided to participate in this program because of the added flexibility it provides.		
7. This SPSA was approved by the SSC at a public meeting on: February 21, 2019

Twinhill Elementary sits in the center of a once-rural, now suburban community, on the outskirts of the city of Riverside, California. Twinhill, one of fourteen elementary schools in the Alvord Unified School District, services 462 students on a traditional school schedule. The students come from diverse backgrounds. The majority of the students participate in the National School Lunch Program (87%). Student ethnicity is predominantly Hispanic representing 91% of the student population. The parent education level consists of 41% of parents who are not high school graduates. While high school graduates consist of 34% of our school population.

Facilities and Technology

Twinhill has 35 classrooms, including: one library/media center; 1-40 station computer lab and 4-35 station mobile computer labs; one classroom utilized by the Resource Specialist to provide indirect/direct special education related The School Plan for Student Achievement

services; one room is shared by the Speech Therapist and School Psychologist; one room serves as a Staff Development/Parent-Family Meeting and training room, one room is utilized by the counselor to provide character lessons and support for students and families, one room is utilized by the Early Literacy Intervention teacher two days per week and one room serves as an office for the Instructional Coach and Special Projects Clerk in addition to housing various meetings. Additionally, four portable classrooms are utilized daily for the After School Program at the end of the instructional day.

All classroom computers are loaded with software to support learning in English Language Arts and Mathematics. Classroom computers also have access to the district internet, including Earobics, Accelerated Reader and Moby Max programs. All transitional kindergarten (TK) through third grade classes utilize the computer lab every week and are able to access intervention software from classrooms for additional time. All second, third, fourth and fifth grade students utilize mobile computers on a weekly basis. All classrooms have SMARTboards, document cameras and student computers available to support the instructional program. The installation of equipment allowing for wireless internet access was established previously.

All students are able to access and regularly use the Accelerated Reader computer-based reading program in their classrooms, the library and the computer lab. This program is designed to facilitate students reading at their instructional level, support increased reading comprehension, and motivate students towards independent reading.

Twinhill's library/media center is accessible to all students and staff. It is also available for parent/family use and material check-out on a weekly basis. Our library houses approximately 11,000 books for check-out, in addition to a variety of supplemental materials for teacher check out to support the core curriculum and enhance student learning. There are five student computers available and one computer station used by the Library Assistant to track materials.

Twinhill's computer lab is accessible to all students and staff. Beginning in January 2019, it will also be available for parent/family use and learning opportunities under the direction of our computer lab instructional assistant on a weekly basis. Our computer lab currently has 40 computers houses with instructional programs to support the core curriculum and enhance student learning.

Instructional Minutes

Instructional Minutes

The total number of instructional minutes for each grade level span is as follows: 265 for Kindergarten, 320 for first through third grade; and 340 for fourth and fifth. The chart below indicates time allotments for English Language Arts, Mathematics, ELD, and Physical Education:

Core Program	TK-KINDERGARTEN	GRADES 1-3	GRADES 4 AND 5
LANGUAGE ARTS CORE	60 minutes	180 minutes	120 minutes
MATHEMATICS	60 minutes	60 minutes	60 minutes
DESIGNATED-ELD	30 minutes	30 minutes	30 minutes
PHYSICAL EDUCATION	200 minutes/10 days (ALL grades)		

There are seven district calendared minimum days, which includes five minimum days for parent-teacher conferences. Twinhill has minimum days scheduled every Tuesday to support the district-adopted Early Release day plan to provide opportunities for teacher collaboration and professional learning. The school day has been lengthened on Monday, Wednesday, Thursday, and Friday to accommodate the early release day on Tuesday. The Early Release Day schedule is as follows: 1st/3rd Tuesday-Staff Meeting/Professional Learning; 2nd/4th Tuesdays are teacher-directed Grade Level Collaboration for data analysis, lesson planning, etc.; 5th Tuesday-focus determined by district personnel and/or teachers.

Alvord Strategic Plan

During 2013-2014 a district Strategic Planning Committee was formed to develop a district strategic plan that would align with district and school site plans. The committee was composed of school board members, district leaders, teachers, parents, classified, and certificated bargaining unit representatives, elected city officials, community leaders from businesses, higher education, and non-profit organizations. The process included creating a receptive climate, assembling relevant information, selection of the planning team, conducting planning sessions to develop district values, beliefs, vision, mission statement, parameters, objectives, and strategies.

District Priorities

Our priorities are: students, teachers and instructional content.

District Values

- Courage
- Inclusiveness
- Innovation
- Integrity

District Vision

The Alvord Unified School District Promise: All students will realize their unlimited potential.

District Mission Statement

Alvord Unified School District, a dynamic learning community that embraces innovation, exists to ensure all students attain lifelong success through a system distinguished by:

- Active and inclusive partnerships
- Relationships that foster a culture of trust and integrity
- High expectations and equitable learning opportunities for all
- A mindset that promotes continuous improvement
- Multiple opportunities for exploration and creativity
- Professional development that promotes quality teaching and learning
- Access to learning experiences that promote a high quality of life

District Parameters

- We will collaboratively develop policies that support equitable learning opportunities for all.
- We will hold everyone to a high level of accountability.
- We will not allow economic, social and academic barriers to impede the safety and education of our students.
- We will respect and value the diverse roles of all individuals and their contributions.
- We will only tolerate beliefs, decisions and actions that inspire students to succeed.

District Beliefs

We believe:

- In individual empowerment
- Everyone has the right to a world-class education
- Success is our shared responsibility
- Engaged learning strengthens our organization
- Our community is enriched by its diversity
- Innovation with inspiration transforms lives
- Excellence is within everyone

District Objectives

- All students will graduate from high school, ready for college and career
- All students will contribute to a high quality of life in our community.
- All students will be inspired to fulfill their own unlimited potential.

District Strategies

- We will redefine and establish programs for students who pursue an alternative educational pathway.
- We will collaborate with all partners and each other for the benefit of our students and the future of our community.
- We will develop a comprehensive PreK-12 program that ensures quality and engaging instruction.
- We will communicate effectively with all stakeholders in a clear and timely manner.
- We will develop the character of each student to build a better and more unified community.
- We will ensure, develop and support exemplary staff at all levels of the organization.
- We will develop a system for meaningful family engagement.
- We will develop a learning environment that challenges all students to achieve excellence.
- We will develop a learning organization to address the unique situation of each student.

Areas of Pride and Strength

- * Twinhill Elementary School is one of 229 schools in the nation that belong to the No Excuses University (NEU) network, and the Principal and Instructional Coach presented at the NEU National Convention in October 2018.
- * Student incentive programs are utilized as effective tools for motivation and positive reinforcement (i.e., Academic Awards, Student of the Month, Perfect 10 PE classes, Character Cash and Perfect Attendance Awards)
- * Technology in classrooms is utilized to support students' academic achievement. All classrooms are equipped with a SmartBoard, projector and document camera and a laptop for instructional use by the classroom teacher. Four laptop carts are available for grades 2, 3, 4 and 5 and are utilized on a rotating basis within those grade levels.
- * Family Education opportunities (i.e. Family Math Night, Family Reading Night, STEAM Family Night)
- * School-wide focus on character development, growth mindset, college and career readiness and wellness-Twinhill received national recognition for its implementation of health and wellness practices (Silver Medal recipient from the Healthier Generation Alliance) and Student Safety Valet program. Our Student Council visited City Hall and met with local civic leaders including the councilmember representing the Twinhill neighborhood. Supporting college and career readiness: Career Day, Gateway to College assembly.
- * Common rules and expectations with a focus on positive behaviors; development of a schoolwide Behavior Standards and Incentive Plan to promote consistency and fairness for ALL students in the building of positive character traits.
- * The SST process focuses on early interventions to assist students in increasing their progress toward meeting grade level standards
- * Active parent involvement is a priority (i.e. PTO, ELAC, SSC, Breakfast in the Classroom)
- * School wide Response to Instruction and Intervention focused on prevention
- * Grade level intervention blocks provide targeted, skill-based instruction for all students along with afterschool extended learning opportunities
- * Each classroom and staff member has adopted a university to promote the goal of academic achievement to prepare for the opportunity to attend college
- * Academic and behavioral success are shared responsibilities between students, families and staff.
- * On-going professional learning opportunities for certificated, classified and families are available.
- * Home-school communication has increased through the use of electronic parent notification apps (i.e. Class Dojo, Remind), updated website and posting of announcements

Central Focus on School Reform

Purpose

The purpose of the central focus on school reform is to describe the reform strategies that provide opportunities for all children to achieve academically.

Twinhill's primary focus is to ensure all students are proficient in English Language Arts, Math and English Language Development (ELD) through the collaborative and cooperative work within a continuous improvement and growth model. To increase the effectiveness of the instructional program, the use of differentiated instruction, checking for understanding, cognitive student engagement, as well as the analysis of current student data have been identified as key elements to support the increase in student achievement and growth. Twinhill's central focus of school reform is supported by effective collaboration as evidenced by early release days, grade level articulation/cognitive planning days, daily school-wide intervention block, extended-day kindergarten intervention support, use of instructional coach, early literary teacher and full implementation of core curriculum. In addition, Twinhill receives Title I funding that is utilized school-wide to supplement the core instructional program and increase student achievement and growth. Title I funding is also used to support instructional practices through the use of a site based instructional coach.

Administration/leadership meets with classified staff throughout the year, providing professional learning and support on how to continue improving student achievement. Monthly leadership meetings, professional learning opportunities and grade level collaborations are utilized to provide opportunities for discussion and feedback and to develop and increase the effectiveness of the instructional program. The goals are supported through the on-going implementation of the Single Plan for Student Achievement.

Collaboration Process (EPC 5,6,8)

In recognition of the importance of teacher collaboration, every Tuesday is an early-release day for students. Dismissal is at 1:00 p.m. allowing for teacher collaboration and professional learning which includes, but not limited to:

- * Training designed to improve and increase student achievement
- * Cognitive Lesson Planning with Common Core State Standards
- * Vertical Articulation
- * Analysis of assessment data/student work
- * Development of common assessments and evaluation of common assessments
- * Development of goals based upon data analysis
- * Review of educational literature and research including the ELA and ELD Framework and mathematical practices
- * Review of material resources and future needs
- * Opportunities for input in site/district policies and procedures

Collaboration is built into the master calendar and occurs regularly throughout the school year. Grade level collaboration time and ongoing staff development is cohesive and based upon data and needs assessment. On average, 2 hours per month of teacher-directed grade-level collaboration time is provided.

Additional grade level release days are provided to cognitively plan lessons in ELA, Math and D-ELD that support differentiated instruction for Common Core State Standards. During this time grade level teams are able to complete data analysis, development of common assessments, plan differentiated lessons including intervention support needed for struggling learners.

At the elementary level, the SSC shall be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel; and (b) parents; or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group

Leadership Team

Purpose

The purpose of a school leadership team is to involve the school community in the development, implementation, and monitoring of the school plan. The composition of the leadership team includes the principal, grade level representatives, department representatives, teachers of English Learners, GATE students, Special Education students, support personnel for the at-risk students, school advisory committee representatives, and parent representatives, as much as possible.

The Twinhill Leadership Team which meets monthly includes grade level leaders, Special Education Team member, Instructional Coach and school site administrators. The Twinhill Leadership Team works collaboratively to ensure consistent two-way communication between grade levels, support staff and school leadership. Monthly meetings include discussion and dialogue on current instructional practices, best practices, data analysis, feedback on current staff development, site needs assessment and educational activity planning.

Comprehensive Needs Assessment Components

The school plan is based on a comprehensive school-wide needs assessment of the school's instructional program which includes program planning, monitoring, and evaluation activities conducted during the previous school year with the input of stakeholders which includes the analysis of student performance data in relation to state academic content standards. Program planning activities are conducted at leadership and grade level/departmental team meetings, staff meetings, ELAC and SSC meetings. Current programs are monitored and reviewed on an on-going basis by discussion with staff and the SSC. Evaluation of the SPSA is conducted by analyzing data, reviewing student work, surveys, and discussions with staff and parents. Financial, material, and human resources are considered. Staff, students and parents are involved throughout the evaluation process of all consolidated programs.

Data Analysis and Assessments

Disaggregated assessment data are utilized in the annual updating of the school plan. Principals and Leadership Team members review and evaluate disaggregated assessment results to make determinations about program improvement. They also analyze assessment data to determine strengths and weaknesses of various programs and in areas of instruction. Areas for improvement are then determined using the information gathered from the assessment data in conjunction with surveys and other achievement data. Teachers meet and discuss how students would be assessed. Please refer to the School and Student Performance Data section where an analysis is provided.

Procedures for Analyzing Data

Teachers utilize a variety of assessments to determine students' success. Analysis of the data from these assessments provides teachers, students, and parents with information needed to drive instruction. The data is also used to guide individual and group instruction needed to remediate and/or address areas of weakness.

Procedures for Reporting Results

The school ensures that the results of the CAASPP and ELPAC (if applicable), are made available to the teachers, students, and parents in a timely manner. Teachers are trained on reporting the results to parents and discuss questions regarding the results in a manner that equates them to the student's classroom performance. Information from a variety of assessments such as grades, prompt scores, portfolios, and state assessments are included in the discussion. This information is shared with the student and parents in a productive manner that emphasizes strengths and details steps needed for improvement.

Release time is provided for principals, teachers, and support staff to analyze student information throughout the year. The principal and Leadership Team plan activities to analyze data at staff development and grade level meetings to inform instruction and plan interventions.

Parents are informed of their student's progress in the following ways:

- * Parent-Teacher conferences (formal/informal)
- * Translation of home-school communication
- * Interpreting services for meetings, conferences, parent engagement workshops, etc.
- * Report Cards, Progress Reports and Deficiency Notices
- * Phone calls, written communication and electronic communication (e.g. Class Dojo, Remind)
- * CAASPP Test results mailed to parents or families
- * SARC
- * SSC and ELAC Meetings
- * Pastries with Principal Parsons

Analysis of Site's Current Instructional Program

The following statements are adapted from the Elementary and Secondary Education Act (ESEA), and the California Essential Program Components (EPC). In conjunction with the needs assessments, these categories are used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Special consideration is given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Academic Program Survey

Discussion of each of these statements should result in succinct and focused findings based on verified facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

The Twinhill staff reviews the Elementary School APS and the level of implementation of the nine Essential Program Components (EPC's). In addition, parent input is received and included in the survey. During the 2008-2009 school year, three separate focus groups from Twinhill met with other sites to receive training and address the level of implementation of the EPC's at Twinhill. Each team identified focus areas to be addressed at the site and district levels. Based on the results of the three APS documents, it was determined that Twinhill needed to develop and implement a Pyramid of Interventions. The Leadership Team group developed and trained staff on the Pyramid of Interventions and its implementation to support access to all students. In 2011-2012, Leadership completed an Academic Program Survey specifically for English Language Learners. It was determined more tutoring services needed to be provided for English Learners to narrow the gap between language acquisition and ELA/Math proficiency. One after school tutoring group was designed for ELL's during the 2011-2012 school year. During the 2012-2013 school year there was an increase in time during the instructional day for English Language Development and intervention. Before and after school tutoring groups were formed based upon CST, Benchmark and CELDT data. During the 2013-2014 school year, the schoolwide daily TLC (intervention)/ELD Block continued with a focus on ELA/ELD standards utilizing Science and Social Studies content. Flexible student groups are formed based upon CST, Benchmark, CELDT, DIBELS and common assessment data. Before and after school tutoring groups were formed based upon CST, district Benchmark assessments, CELDT and DIBELS data. For the 2015-2016 school year, assessment data indicated the need to improve student achievement in Language Arts, Math and English Language proficiency. To address these needs, Twinhill staff participates in bi-monthly grade level collaboration and professional development. For the 2017-2018 school year, assessment data indicated student progress being made in English Language Arts, Math and English Language Development. To continue a culture of progress, administration, staff and parents addressed the need for continued grade level collaboration, professional learning opportunities and after school tutoring for students. For the 2018-2019 school year, assessment data indicated the need to improve student achievement in mathematics. To address this school wide need, the Twinhill teachers participate in professional learning with the instructional coach with a focus on number sense and grade level appropriate instructional strategies. Grade level collaboration, designated grade level TLC intervention block and D-ELD grade level block continue as well as three session of after school tutoring in reading, mathematics and English Language Development.

Standards, Assessment, and Accountability

1. Use of state and local assessments to modify instruction and improve student achievement (ESEA)

CAASPP, Benchmarks, DIBELS, CELDT, ELPAC and common assessments are used to modify instruction and increase student achievement.

2. Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Data is obtained from the standardized assessment results, common formative assessments, adopted curriculum assessments, and grade-level developed common assessments. The results of the data analysis completed by the district and site level staff are used to inform instructional practices and address the identified needs of students to ensure students receive core curriculum and increase achievement at Twinhill. Teachers meet with the principal and instructional coach to discuss student progress, appropriate instructional strategies and necessary intervention.

Staffing and Professional Development

3. Status of meeting requirements for highly qualified staff (ESEA)

100% of the Twinhill staff meet the ESEA highly qualified requirements.

4. Sufficiency of credentialed teachers and teacher professional development (e.g. access to instructional materials training on SCE-adopted instructional materials) (EPC)

All teachers are fully credentialed and none are mis-assigned. Previously, teachers have received SB472 training in Language Arts utilizing the Houghton Mifflin curriculum and SB472 training in Mathematics utilizing the Harcourt School Publishers curriculum. Most recently teachers received training with the California Common Core State Standards through district and site staff development under the guidance of the site Instructional Leadership Team (ILT). Teachers have previously received training on the ELA-ELD Framework including The White Paper (Foundational Skills) and Designated ELD. During the 2017-2018 school year teachers and support staff receive professional development on ELPAC, Close Reading and Next Generation Science Standards. During the 2018-2019 school year, the teachers received training on mathematics instruction and social emotional learning.

5. Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Current staff development is based on data analysis of student performance, effective research-based instructional strategies and Common Core Standards.

6. Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Instructional Coach at Twinhill provides on-going support through staff development training, one-on-one interactive coaching, and demonstration lessons.

7. Teacher collaboration by grade level (K-8) and department (9-12) (EPC)

Our leadership team facilitates grade level or vertical collaboration for teachers to analyze student data, plan instruction and intervention to address student needs.

Teaching and Learning

8. Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

The district has adopted State Board of Education approved materials to support the delivery of effective instruction to meet the state standards. Currently, the district is leading TK-5 teachers in the refinement of Rigorous Curriculum Design (RCD) Units of Study in English Language Arts and Mathematics.

9. Adherence to recommended instructional minutes for reading/language arts and mathematics (K-8) (EPC)

Twinhill adheres to the recommended instructional minutes for reading/language arts and mathematics.

See Instructional Minutes table above.

10. Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Pacing at Twinhill is guided through the alignment of grade level essential standards. Pacing guides have been developed by the district for Language Arts and Mathematics to ensure that all students receive the core curriculum for their grade level. In addition, Universal Access is in place to work with students who need further learning opportunities to access the core curriculum. Each grade level has a daily designated Targeted Learning for All Children (TLC) time. The TLC time is designed to meet targeted learning needs of students.

Differentiated instruction is built into the instructional day to meet the learning needs of students.

30 minutes of differentiated Designated-English Language Development is provided daily for all English Learners.

11. Availability of standards-aligned instructional materials appropriate to all student groups (ESEA)

Twinhill has the required instructional materials which are appropriate for all students.

12. Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Twinhill uses the California Common Core State Standards in Language Arts, Math and ELD. In addition, the McGraw-Hill Wonders Reading Language Arts and ELD, Harcourt School Publishers Mathematics, Harcourt Science, and McGraw-Hill Social Science are utilized to support the CCCSS.

Opportunity and Equal Educational Access

13. Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Universal Access is in place to differentiate learning opportunities and access the core curriculum. In addition, other services or personnel are provided to ensure all students meet standards (i.e., Resource Specialist; Language, Speech, and Hearing therapist; Adaptive Physical Education teacher; Psychologist; Early Literacy Intervention teacher and Student Study Team).

During the school day the following programs provided by the District and Regular Program help all students meet standards:

- * Nurse, Health Assistant
- * Intervention built into the core reading and math programs.
- * P.E. teacher for 1-5 grade students
- * Moby Max/Earobics/Starfall
- * Accelerated Reader

After or Before School Programs or Services are the following:

- * Before/After School tutoring taught by teachers/support staff as available
- * Half-Time after school program which includes homework help, tutoring, and enrichment activities
- * Groups organized for students to access intervention programs: Fastt Math, Leapster/Leap Track, and Read About – time as designated by the program.
- * Teacher(s) paid to facilitate the after school program and identify students who need this program

Services provide by categorical funds to enable at risk students to meet standards:

14. Research-based educational practices to raise student achievement

Through the use of research-based practices Twinhill is a Professional Learning Community in which teacher collaboration and analysis of current student data informs instruction. Each collaborative meeting is designed to address the following questions:

- * What do we want students to know?
- * How will we know when they've learned it?
- * What will we do when they don't?
- * What will we do when they do get it?

Effective instructional and student engagement strategies, identified during the collaborative process, are implemented to increase student achievement. The results are utilized to assess the effectiveness of the strategies and to continue to develop an effective program for student success.

Parental Involvement

15. Resources available from family, school, district, and community to assist under-achieving students (ESEA)

The Twinhill community provides multiple resources to assist under-achieving students (ESEA). Some of these resources include business support via donations, grants or scholarship opportunities. In addition, families provide resources to under-achieving students by volunteering in the classroom and/or becoming involved in family events before, during and after the school day. Lastly, the district provides resources to assist under-achieving students by aligning their resources to Twinhill site objectives and goals.

16. Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932) Such as described in School Plans. Schools shall be deemed to have met this requirement by establishing a school site council.

The following are resources available from family, school, district, and community to assist underachieving students:

Parent/Teacher conferences (formal/informal)
Translations of home-school communication
School calendar (monthly)
Grade Reports/Deficiency Notices/Progress Reports
Phone calls/electronic communication (e.g. Class Dojo, Remind)
Back-to-School Night
Annual Title I meeting
Parent advisory meetings
Open House Night
Parent/Family Involvement Log Sheets
Suspension/Expulsion
Parent/Student School Handbook (available on school website)
Parent Resource Library & Materials
CAASPP Test results mailed to parents
Fliers to inform parents of trainings, events (available on school website)
Community Business Partners
Interpreters at meetings
Parent/Teacher Organization (PTO)
Family Activities (sponsored by PTO)
Family Ed Nights
Parent Involvement Policy/Parent-Student-School compact
Volunteer Recognition
SARC
SART/SARB
Half-Time/ Extended Learning Program/After School Program
Elementary School Counselor
Instructional Coach
Early Literacy Teacher (2 days per week)
Library and Computer Lab assistants
Bilingual Instructional assistants
School Resource Officer
Parks and Recreation
Interpreters and childcare for parents
BlackBoard Message Phone System
Kinder Camp/Incoming Kinder Parent Orientation

Funding

17. Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

See 14, under Interventions-Opportunity and Equal Educational Access

18. Fiscal support (EPC)

The instructional program at Twinhill is supported by funding from: Title I, LCFF-LI and LCFF-EL. In addition to the site allocation of funding, the district categorical funds also support the instructional program.

SPSA Annual Evaluation

Outcomes

Identify any goals in the most recent SPSA that were met. What actions were particularly effective in meeting the goal?

Goal 3: Highly Qualified Teachers--teachers and support staff continue to participate in ongoing professional learning related to Foundational Skills, interim assessments, ELD standards and differentiating instruction. The support of our Instructional Coach and Early Literacy Teacher have contributed to building teacher efficacy.

Goal 4: Decrease in character citations, increase in Caught Being Good--students participated in two Behavior Standards Assemblies, more staff members are involved in recognizing positive behavior and outstanding character. Development and implementation of school wide Discipline plan. Plan was communicated to students, staff and families. Posters displayed throughout the school.

Identify goals in the most recent SPSA that was not met, or was only partially met. What actions related to this goal were ineffective or minimally effective? Identify barriers to full or timely implementation of the actions identified. What actions were undertaken to mitigate those barriers or adjust the plan to overcome them?

Currently, we have not met Goal 1.1 (RLA) or 1.2 (Mathematics); however, our students are making progress based upon current assessment data. Our teachers continue to participate in Professional Learning opportunities on site which is supported by our Instructional Coach and district content specialists. Each grade level has a designated Intervention time (TLC). Additionally, tutoring in English Language Arts, Math, ELD and Science are available after school for identified students.

Involvement/Governance

How was the SSC, ELAC and staff involved in the development and evaluation of the plan?

Student achievement data was presented to SSC, ELAC and staff. Upon presentation of the student achievement data, discussions were held regarding student progress and steps currently being taken and next steps to continue a culture of progress. Development and evaluation of the SPSA were based upon student achievement data. Parent/family committees and staff provided input and suggestions for next steps.

How was the plan monitored during the school year?

Student achievement data is reviewed by staff and shared with parents/families. Discussion regarding the SPSA is a standing agenda item on our monthly SSC agenda.

What changes, if any, are needed to ensure involvement of all stakeholders and adequate monitoring of planned activities and outcomes?

Involvement and engagement need to continue to be ongoing and inclusive. One change to be made will be to conduct a needs assessment with Leadership team and other stakeholders at the conclusion of the current school year.

Description of Barriers and Related School Goals

Twinhill Elementary is committed to addressing the barriers which may impede student growth and proficiency both academically and socially. Barriers faced at Twinhill are:

- * regular school attendance
- * extended learning opportunities for students
- * opportunities for parent, family and community involvement and engagement

Twinhill Elementary is committed to addressing the barriers which may impede student growth and proficiency both academically and socially. Collaboratively with parents and families, teachers, support staff and administration, Twinhill Elementary will:

- * Create a consistent culture of universal achievement for all students that involves all stakeholders
- * Build and support Character Education within classrooms and outside classrooms
- * Implement and refine targeted intervention programs including grade level intervention blocks and extended learning opportunities (before, during and after school)

- * Increase Home-School connection and communication and parent-family engagement opportunities (i.e. Family Ed Nights, Pastries w/Parsons)
- * Provide Professional Learning opportunities to support the implementation of Common Core State Standards and ELD standards including foundational skills, D-ELD/I-ELD lessons, mathematics instruction, and social emotional learning
- * Administer targeted assessment(s) which will identify and address learning gaps in student progress and achievement.

CAASPP Results Data Analysis**English-Language Arts/Literacy****All Students**

The CAASPP results data for English-Language Arts/Literacy from 2017-18 as compared to 2016-17 results data indicate that Twinhill students continue to make progress toward grade level proficiency. There is an overall 4% increase in standard exceeded and an overall 1.5% increase in standard met. There is an overall 1% increase in standard nearly met and an overall 7% decrease in standard not met. There are increases (above standard) in the areas of Reading (3%), Writing (3%), Listening (5%) and Research/Inquiry (6%). There are also overall increases (at/near standard) in the areas of Reading (7%), Listening (6%) and Research/Inquiry (1%). There are overall decreases (below standard) in the areas of Reading (10%), Writing (3%), Listening (11%) and Research/Inquiry (8%). Significant improvement overall was demonstrated by 3rd grade (increase 6%) and 4th grade (increase 8%) in Standard Exceeded and 5th grade in standard met (15% increase). There were significant overall decreases in Standard Net Met by 3rd grade (8%) and 5th grade (11%).

Mathematics

All Students

The CAASPP results data for Mathematics from 2017-18 as compared to 2016-7 results data indicate that Twinhill students are making progress toward grade level proficiency. There is negligible change in Standard Exceeded and Standard Met and a 5% overall decrease in Standard Not Met. There are increases (standard exceeded) in the areas of Concepts and Procedures (1%) and Problem Solving and Modeling/Data Analysis (2%). There is an increase (at/near standard) in the area of Concepts and Procedures (8%) and Communicating Reasoning (2%). There was decrease (below standard) in the area of concepts and Procedures (9%). Significant improvement overall was demonstrated by 4th grade in standard exceeded (4% increase) and all grades with decreases in standard not met 3rd grade (8%), 4th grade (6%) and 5th grade (4%). The data indicates that mathematics is an area for improvement.

Conclusions indicated by the ELPAC data:

The summative ELPAC data results for English Language Learners from 2017-18 indicate that 27% are at level 4, 39% at Level 3, 24% at Level 2 and 10% at Level 1. For Oral Language, the results indicate 33% at Level 4, 46% at Level 3, 14% at Level 2 and 7% at Level 1. For Written Language, the results indicate 27% at Level 4, 26% at Level 3, 30% at Level 2 and 17% at Level 1. For Listening Domain, the results indicate 52% are Well Developed, 43% are Somewhat/Moderately Developed, 5% are Beginning. For Speaking Domain, the results indicate 27% are Well Developed, 64% are Somewhat/Moderately Developed, 9% are Beginning. For Reading Domain, the results indicate 27% are Well Developed, 50% are Somewhat/Moderately Developed, 23% are Beginning. For Writing Domain, the results indicate 35% are Well Developed, 53% are Somewhat/Moderately Developed, 12% are Beginning. Overall the Listening Domain is an area of achievement for grades K-5. Overall the Reading and Writing Domains are areas for improvement for grades K-5.

Action Plan: Planned Improvements in Student Performance**Performance Goal 1.1: English-Language Arts**

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All students will reach high standards, at a minimum attaining proficiency or better in reading/language arts.

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, all grade levels will increase the percentage of At or Above Benchmark students as measured by Dynamic Indicators of Basic Early Literacy Skills (DIBELS) in Reading Language Arts by 5% as compared to 2017-18 Benchmark 3 (End of year) DIBELS Composite Score. Additionally, by June 2019, all grade levels will decrease the percentage of Well Below Benchmark students as measured by Dynamic Indicators of Basic Early Literacy Skills (DIBELS) in Reading Language Arts by 10% as compared to 2017-18 Benchmark 3 (End of year) DIBELS Composite Score. In addition, the Transitional Kindergarten students Preschool Early Literacy Indicator (PELI) students in Reading Foundational skills increase by 10% as measured by the Benchmark 3 PELI score. Lastly, students in grades 3-5 will continue to demonstrate progress on the CAASPP in the area of English Language Arts and Literacy by increasing the percentage of students exceeding or meeting standard and decreasing the percentage of students nearly meeting or not meeting standard.

Data Used to Form this Goal:

PELI, DIBELS, CAASPP results in English-Language Arts/Literacy and student work.

Findings from the Analysis of this Data:

Our Spring 2018 CAASPP data for grades 3, 4 and 5 indicated that 11% are above standard, 54% are at or near standard and 35% are below standard in Reading. These findings are indicative of student progress in the area of Reading. Our schoolwide 2017-18 DIBELS data indicate the following percentages of students were At or Above Benchmark: Beginning of year-45% (N=214), Middle of the Year-49% (N=241), End of the Year-52% (N=249). As compared to 2016-17 end of the year data, there was a 1% increase.

How the School will Evaluate the Progress of this Goal:

The school will monitor through the analysis of results from CAASPP, common formative assessments, DIBELS monitoring, accelerated reader (AR), student work and anecdotal notes from teachers and support staff.

Planned Improvements in Student Performance

Performance Goal 1.2: Mathematics

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, all grade levels will continue to demonstrate growth in the area of Mathematics as measured by common formative assessments, student work and CAASPP results.

Data Used to Form this Goal:

Common formative assessments and CAASPP

Findings from the Analysis of this Data:

Our Spring 2018 CAASPP data for grades 3, 4 and 5 indicate that 6% exceeded the standard, 19% met the standard, 35% nearly met the standard and 40% did not meet the standard. This data is indicative of student progress in the area of Mathematics. There was overall improvement in Concepts and Procedures.

How the School will Evaluate the Progress of this Goal:

The school will monitor student progress through the analysis of results from common formative assessments, CAASPP data, student work and anecdotal notes from teachers and support staff.

Planned Improvements in Student Performance

Performance Goal 2: English Learners

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All limited-English-proficient students will attain proficiency in English, at minimum meeting annual measurable achievement objectives (AMAO).

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, Twinhill will increase the number of English Learner students as Redesignated Fluent English Proficient (RFEP).

Data Used to Form this Goal:

CELDT and ELPAC summative scores, report card grades, student packets for EL re-designation

Findings from the Analysis of this Data:

Currently, 53% (N=244) of Twinhill's student population are designated as English Learner, and 6% (N=29) are designated as Fluent (RFEP) or Initial Fluent (IFEP). In 2017-18, 56%(N=287) of Twinhill's student population was designated as English Learner. Based upon 2017-18 ELPAC data, 27% (N=71) are Level 4, 39% (N=103) are Level 3, 24% (N=64) are Level 2, and 10% (N=26) are Level 1. Based upon 2016-17 CELDT data, 10% are Advanced, 27% are Early Advanced, 30% are Intermediate, 17% are Early Intermediate and 16% are Beginning. In 2017-18, 11 students were identified as Fluent English Proficient (FEP) and 17 students were redesignated as Fluent English Proficient (RFEP). The 2017-18 RFEP data indicates EL students are making progress in English language proficiency.

How the School will Evaluate the Progress of this Goal:

Progress in English acquisition will be monitored using DIBELS, CAASPP results and student work as demonstrated through Reading fluency and comprehension. Growth from 2013 to 2017 on CELDT scores will provide summative assessment data.

Planned Improvements in Student Performance

Performance Goal 3: Safe and Drug-Free Environment Conducive to Learning

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All students will be educated in learning environments that are safe, drug free, and conducive to learning.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019, the average daily attendance will increase by 0.5%.

By June 2019, suspensions and discipline for drugs, alcohol, tobacco, or physical violence will decrease by 0.5%.

By June 2019, Twinhill students will comply with school rules, will practice the Six Pillars of Character (i.e. Respect, Responsibility, Caring, Trustworthiness, Fairness, Citizenship) and participate in two Behavior Standards Assemblies and Character Education as evidenced by an increase in the number of Caught Being Good slips and students participating in CIA (Character in Action) incentive, as well as a decrease in the number of suspensions, character citations and character reflection time. All staff will implement the School Wide Discipline plan, review it with students and families, and post it in classrooms and other campus spaces utilized by students.

Data Used to Form this Goal:

Suspension/expulsion data and attendance data; Brag Tag distribution data (monthly perfect attendance); Behavior Standards assembly sign in sheets; Counselor presentations on Character and study skills.

Findings from the Analysis of this Data:

Twinhill's attendance rate for 2017-18 was 95.36%, 2016-17 was 95.6%, for 2015-16 was 95.7%, for 2014-15-95.6% and 2013-14-95.6%. As of February 2019, Twinhill's attendance rate is 95.25%.

As of January 2019, Twinhill has 0 expulsions and 5 suspensions. Twinhill continues to support proactive and positive interventions. In 2017-18 Twinhill had 1 expulsions and 6 suspensions. In 2016-17, Twinhill had 0 expulsions and 9 suspensions. In 2015-16, Twinhill had 0 expulsions and 2 suspensions. Through the collaborative efforts of site and district personnel and families, positive behavior supports including behavior support plans and incentives have been implemented to decrease out of school suspension.

How the School will Evaluate the Progress of this Goal:

Review of monthly attendance data, completed "We Are ALL Here On Time!" classroom charts and monthly distribution of Attendance Brag Tags. Monitoring and recording of incidents.

Planned Improvements in Student Performance

Performance Goal 4: High School Graduation and College Readiness

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA PERFORMANCE GOAL: All students will graduate from high school and be college/ career ready.

LCAP CONDITIONS OF LEARNING GOAL 1: Students will be enrolled in a comprehensive course of study taught by highly qualified staff in schools that are clean and in good repair.

LCAP PUPIL OUTCOMES GOAL 2: Students will be prepared to be college and career ready when they graduate from high school.

LCAP ENGAGEMENT GOAL 3: Students will be educated in an environment which fosters school connectedness and is inclusive of students, parents, and staff.

SCHOOL SMART GOAL:

(Specific, Measurable, Achievable, Results Oriented, Time Bound)

By June 2019 Twinhill will demonstrate Math progress as measured by student progress on CAASPP in grades 3, 4 and 5.

Data Used to Form this Goal:

CAASPP data.

Findings from the Analysis of this Data:

Our Spring 2018 CAASPP data for grades 3, 4 and 5 indicate that 6% exceeded the standard, 19% met the standard, 35% nearly met the standard and 40% did not meet the standard. This data is indicative of student progress in the area of Mathematics. There was overall improvement in Concepts and Procedures. Our 2016-2017 CAASPP data for grades 3, 4 and 5 indicate that 44.96% did not meet the standard and 29.5% nearly met the standard in Math. Our 2015-2016 CAASPP data for grades 3, 4 and 5 indicate that 45.0% did not meet the standard and 34.0% nearly met the standard in Math.

How the School will Evaluate the Progress of this Goal:

The school will monitor progress through student work, grade level math assessments and CAASPP results.

Program Descriptions School Based Coordinated Program (SBCP)

Intent

To provide school site flexibility in the use of certain state-funded categorical resources.

Description of Site Program

The SBCP legislation provides greater flexibility for schools and school districts to better coordinate the funds they receive while ensuring that schools continue to receive funds to meet their needs. This legislation focuses authority to exercise such flexibility at the school level, with the approval and under the policy direction of the governing board. The School Site Council decides which funding sources it wishes to coordinate. The funding sources are:

- a) Local Control Funding Formula-Low Income (LCFF-LI)
- b) Local Control Funding Formula-English Learners (LCFF-EL);
- c) Title I (if applicable)

The greatest benefits of becoming a SBCP school is the opportunity afforded teachers, other school staff, the Principal, parents, and students (in secondary schools) to work together to design and implement a program in which resources received by the school are coordinated and utilized to ensure that all students acquire the knowledge, the understanding, and the skills of the core curriculum of the district. It is the opportunity to focus the attention of the entire school community on what is and should be happening for all the students in the school, rather than looking at what the separate funding resources seem to be dictating for certain groups of students within the school population. By providing an integrated program, planned jointly by classroom teachers and specialist teachers, a SBCP also presents the opportunity to more effectively coordinate instructional delivery systems needed by students who have a combination of special needs. A SBCP plan must address the needs of all students, even when funding for those students is not included in the plan. Funds must be expended as specified in the school plan.

Coordination of Services

Expenditures are directly related to the core curriculum and advance the goals in the Local Education Agency Plan, and achievement of the student outcomes in the district's Strategic Plan, and the Local Control Accountability Plan. Coordination between categorically funded staff and regular staff is emphasized to provide a cohesive program for all students. Grade-level and subject-specific meetings as well as Leadership Team meetings are designed to facilitate coordination and planning. Paraprofessionals and teachers also meet regularly to implement a well-articulated program that enables student learning. This site's teaching staff continuously assesses and modifies instruction to ensure that students are experiencing success with the core curriculum. Staff development is structured to promote student success in meeting state/district standards in all subject areas. Teachers, parents, and students have opportunities for input to the curriculum throughout the school year. All staff members work together to provide a coherent program for all students on a continuous basis.

To help ensure a quality education for all students, state and federal funding is provided for the following special programs to supplement the core instructional program provided by the school district:

- o Local Control Funding Formula-Low Income (LCFF-LI)
- o Control Funding Formula-English Learners (LCFF-EL);
- o Title I (if applicable);
- o Special Education (including specially designed academic instruction and related services).

Objectives

The needs for Twinhill Elementary School within the School Based Coordinated Program (SBCP) include:

Academic support and intervention including mathematics curriculum

Behavioral support and intervention

Professional Learning opportunities for administration, certificated staff (teachers and support staff) and classified staff

School safety

Technology/Software support

Program Descriptions
Title I Schoolwide (SWP) or Targeted Assistance School (TAS) Program

Intent

The intent of Title I, Part A, is to improve the teaching and learning of children who are at risk of not meeting challenging academic standards and who reside in areas with high concentrations of children from low-income families. In addition, to support effective, research-based educational strategies that close the achievement gap between high and low-performing students and enable the students to meet the state's challenging academic standards.

Description of District Program

Each eligible Title I SWP or TAS school develops, in consultation with the LEA, a comprehensive School Plan for Student Achievement (SPSA). The SPSA is used to guide the instructional program and ensure alignment with the goals and targets of the LEAP. The SPSA provides opportunities for all students to meet proficient and advanced levels of student academic achievement as defined by the state.

This SPSA describes how each school will implement the following Title I components:

- o A comprehensive needs assessment of the entire school using School Data Profiles, and State/District assessment data that has been reviewed and analyzed to develop reform strategies;
- o School wide reform strategies
 - opportunities for all children to meet the State's proficient and advanced levels of academic achievement
 - use effective methods and instructional strategies that are based on scientifically-based research that strengthen the core academic program in the school;
 - increase the amount and quality of learning time, such as providing an extended school year, before- and after-school and summer programs and opportunities, and help provide an enriched and accelerated curriculum
 - include strategies for meeting the educational needs of historically underserved populations such as females and African Americans
 - include strategies to address the needs of all children in the school, but particularly the needs of low-achieving children and those at risk of not meeting the State student academic achievement standards, which may include counseling, pupil services, and mentoring services; college and career awareness and preparation, such as college and career guidance, personal finance education, and innovative teaching methods, which may include applied learning and team-teaching strategies; and the integration of vocational and technical education programs; and address how the school will determine if such needs have been met; and are consistent with, and are designed to implement the State and local improvement plans.
- o Instruction by highly qualified teachers.
- o High-quality and ongoing professional development for teachers, principals, and paraprofessionals, parents, community members, and other staff to enable all students in the school to meet the State's student academic achievement standards.
- o Strategies to attract high-quality highly qualified teachers to high-need schools.
- o Parental involvement strategies include participating in plan writing (developing, implementing, evaluating), developing School-Parent Compact, Parent Involvement Policy, attending Site/District committees, partnering with Site/District professional development activities, and decision-making regarding how funds are allocated for parental involvement activities.
- o Plans for assisting preschool children in the transition from early childhood programs, such as Head Start, Even Start, Early Reading First, or a State-run preschool program, to local elementary school programs. The District provides a variety of school-based and work-based learning opportunities aligned to academic content standards. Through the Regional Occupation Program, career academies, and other career technical programs, students have access to programs that meet University of California a-g requirements and are articulated with the community college and California State University system. Through partnerships with the Riverside Community College and California State University campuses, teachers collaborate and articulate curriculum, pathways are defined, and the need for remediation in English, ELD and mathematics are being addressed prior to graduation from high school.

- o Measures to include teachers in the decisions regarding the use of academic assessments described in order to provide information on, and to improve, the achievement of individual students and the overall instructional program.
- o Activities to ensure that students who experience difficulty mastering the proficient or advanced levels of academic achievement shall be provided with effective, timely additional assistance which shall include measures to ensure students' difficulties are identified on a timely basis and to provide sufficient information on which to base effective assistance.
- o Coordination and integration of Federal, State, and local services and programs, including violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.
- o Supplemental programs reflect the needs of at-risk, ELL, GATE, RSP/SDC, and disabled students, and may include services for social, emotional and physical challenges through access to psychologists, personal services consultants, counselors, and nurses.
- o Homeless students are provided with immediate enrollment, transportation, age-appropriate tutorial sessions, peer counseling, and mentoring and parenting skill development. Additional support includes college/career awareness and preparation, the integration of vocational and technical education, applied learning, and team teaching.

Title I funds may only be used to supplement, not supplant.

District Objectives

The District goal for Title I School wide (SWP) and Targeted Assisted Schools (TAS) is to improve student achievement to meet the State's proficient and advanced skills in the language arts and mathematics program

Description of Site Program

Title I is designed to improve the academic performance of students with educational disadvantages which may impede state and district grade level proficiency. Title I funds are used to encourage shared responsibility of student achievement. At school, Title I funds are used to supplement and strengthen core curriculum with effective instructional strategies and additional educational resources. Targeted professional development is intended to support the teachers and support staff in working with children who may be at-risk of failing to meet state and district adopted performance standards. Twinhill has a parent-school compact and parent involvement policy to promote the sharing of responsibility for improved student achievement. Title I funds are used to purchase a variety of services, materials, equipment, technology, and resources to assist with students' academic achievement of the standards.

Services or programs provided by Title I may include, but are not limited to:

Instructional Coach
 Parent/family workshops, trainings and supplies
 Extended Learning opportunities for at risk learners
 Instructional materials and supplies to supplement Common Core State Standards
 Classroom subscriptions to supplement core instruction
 Educational software and technology (e.g. Moby Max, Starfall, Accelerated Reader)
 Student Progress conferences with principal and teachers
 Kindergarten Camp/Parent Academy
 Staff professional learning (administration, certificated and classified)
 Research-based Resources (professional books, etc.)

Personnel (List the staff to be paid from Categorical Funds. DO NOT list additional hours. List the positions, percentage and cost for each funding amount.)
 Instructional Coach: 100% Title I Site (\$143,530)

Title	Description

Title	Description
Instructional Coach	The purpose of the IC position is to 2) provide instructional support to teachers with educationally disadvantaged students. Specifically, the coach will provide ongoing supports to teachers and support staff with the implementation of core curriculum with supplemental materials, instructional strategies, intervention, and assessment.

Objectives

Twinhill's central focus is to increase student achievement in Language Arts and Math. As a professional learning community, teachers and support staff work collaboratively to continually improve the effectiveness of all programs for all students.

Title I provides the necessary resources to implement the following:

Data Analysis

School-wide model of Prevention and Intervention (Academic and Behavioral)

Professional Learning opportunities for teachers, support staff, administration and the school community

Integration of technology

Collaboration of all staff members

Effective, research-based teaching and learning strategies

Master scheduling to ensure access for all students to achieve proficiency of or demonstrate growth towards grade-level standards

Meaningful Parent and Family Engagement

In order to increase the effectiveness of the instructional program, Twinhill has identified key elements designed to support student achievement: the use of explicit direct instruction and cooperative, checking for understanding, cognitive student engagement, and the analysis of current student data. These key elements are utilized to meet the needs of all students in accessing the core curriculum and achievement of grade level standards.

Program Descriptions English Learner (EL) Program

Intent

To develop English Learners' proficiency in English and in the district's core curriculum as rapidly and as effectively as possible in an established English-language classroom or in an alternative course of study with curriculum designed for such students.

EL students who acquire a good working knowledge of English during a temporary transition period and meet the district's transfer criteria are then transferred into English-language mainstream classrooms. EL students are re-classified as fluent English proficient after meeting established criteria to ensure that these students have overcome language barriers, have recouped any academic deficits incurred in other areas of the curriculum, and can demonstrate English-language proficiency comparable to that of the school district's average native English-language speakers.

Description of District Program

The Alvord Unified School District currently provides the following basic instructional service programs to identified English Learner (EL) students:

- o Structured English Immersion (SEI): K-12 EL students who are assessed on the English Language Proficiency Assessments for California (ELPAC) and score at "less than reasonable levels of fluency in English" receive a minimum of 30 minutes daily English Language Development (ELD) instruction at their fluency level, and access to core content subjects through specially designed academic instruction in English (SDAIE) techniques and primary language support. The district uses ELPAC levels 1-3 to identify the SEI students. Standards-based ELD instruction focuses on essential English listening, speaking, reading and writing skills, and is directed to students' English proficiency levels. Teachers provide comprehensible core content instruction, based on state grade-level standards, and appropriate SDAIE instructional strategies. Bilingual Instructional Assistants provide primary language support for core content instruction. In the SEI program, both ELD and content courses are taught by teachers with appropriate EL State authorizations or interim teachers in training for the appropriate EL State authorizations.
- o English Language Mainstream (ELM): K-12 EL students who are assessed on the ELPAC and score at "reasonable levels of fluency in English" (ELPAC levels 4 - 5) receive standards-based ELD instruction daily, with listening, speaking, reading and writing skills at students' English proficiency levels. SDAIE strategies continue to be used in the core content subjects. Teachers in the ELM classroom are responsible for providing services and instruction that continues the students English Language Development, prepares them for reclassification, and recoups any academic deficits that may have been incurred in the core curriculum as a result of language barriers. Teachers in the ELM program hold appropriate State EL authorizations or, as interim teachers, are in training for those authorizations.
- o Alternative bilingual program: Spanish speaking K-12 EL students whose parents sign and are granted a parental waiver are enrolled in the district alternative bilingual program. Students enrolled in this program receive daily standards-based academic instruction through their primary language in core content subjects and daily standards-based English instruction in ELD. As students increase their English proficiency, they receive access to increasing amounts of English core instruction, provided through SDAIE instructional strategies.

The Alvord Unified School District uses state LCFF funds and federal funds, including Title III funding to provide the following supplemental services to increase the effectiveness of instruction for EL students:

- o Professional Development, mentoring, and coaching of district stakeholders including teachers, administrators, paraprofessionals, other staff, parents, or community members to increase the linguistic and academic achievement of English learners
- o Staff development includes use of Instructional Specialists-English Learners to provide research-based support for elementary and/or secondary teachers, staff, and parents of EL students involved with instruction for English Learners, including tutorials (before and after school hours), intervention programs (during the school day), or summer school classes targeted to EL student needs.
- o Bilingual assistants at each school to provide primary language support in core academic subjects for English Learners with a focus on EL students at lower proficiency levels.

A District Title III Year 4 Action Plan has been implemented to meet the Proficient goals of Annual Measureable Achievement Objective (AMAO) 3 in Reading/Language Arts and mathematics and maintain continued achievement of AMAO 1 & 2. The Plan incorporates quarterly monitoring of site/District strategies including:

- o use of EL assessment data
- o collaborative EL lesson planning
- o administrator supervision of differentiated instruction
- o implementation of EL differentiated professional development strategies
- o improved EL access to core, intervention and advanced materials and courses
- o increased EL parent/advisory training to understand/assist their own children's educational needs

Title III funds may only be used to supplement, not supplant.

Description of Site Program

Program Goal:

Twinhill provides a comprehensive program for English Learners to develop proficiency and fluency in English. Twinhill utilizes the district's core curriculum and Common Core state standards and ELD standards to ensure that proficiency occurs as rapidly and effectively as possible in an established English-language classroom. To eliminate achievement gaps, Twinhill's program provides equal access to the core curriculum and all other school activities so all English Language Learners achieve at the same academic level as their English-proficient peers.

Program Model:

Twinhill implements a program for English Language Learners in conformity with State and District guidelines for English Language Learners, where achievement and progress is strongly emphasized. Twinhill has a program model that emphasizes quality instruction, assessment, grouping and parent/family involvement.

INSTRUCTION

Instruction includes differentiation of strategies to meet language acquisition and proficiency needs of all students.

Twinhill's quality instruction includes:

- o Grade-level academic Common Core state standards
- o Grade-level/Proficiency ELD state standards
- o District adopted core curriculum
- o District adopted core ELD curriculum
- o Explicit use of language objectives
- o 30 minutes minimum of English Language Development daily
- o SDAIE (Specifically Designed Academic Instruction in English)
- o Primary language support
- o Instruction designed to address multiple learning modalities
- o Materials and supplies
- o Technology specifically designed to increase language proficiency
- o Teachers authorizations include BCC, BCLAD, LDS, or CLAD

ASSESSMENT

Assessment is essential to appropriate grouping and implementation of instructional strategies to ensure the highest level of academic achievement. Assessments include:

- o Initial placement through LAC

- o IPT to measure primary language proficiency (Spanish)
- o ELPAC initial and summative assessments
- o Formative and Summative teacher assessments
- o Monitoring students who have reached language proficiency (Reclassified, IFEP, FEP, RFEP)

GROUPING

Grouping provides an appropriate educational setting to enhance all English Learners language proficiency development. Grouping includes:

- o Structured English Immersion
- o English Language Mainstream
- o Alternative bilingual program as needed
- o Homogeneous groups English Language Development based on language proficiency

PARENT/FAMILY INVOLVEMENT

Twinhill has a strong core of Bilingual parents, dedicated to ensure the academic success of all students. Parent/family involvement opportunities include:

- o Monthly meetings (ELAC)
- o Parent/family workshops offered on and off site
- o Parent communication of student progress
- o Parent communication of school programs, resources and activities
- o Opportunities to provide input regarding school priorities and values
- o Multiple volunteer opportunities (classroom, PTO, SSC, ELAC)

Three Bilingual Assistants: Multi-funded 50% Title I District and 50% Title III District (TI-\$7,173, \$7,829, \$9,100) and (TIII-\$7,173, \$7,829, \$9,100)

English Learner Facilitator: 100% LCFF-EL Site (\$2,755)

Title	Description
Bilingual Assistant	Three bilingual assistants as primary language support in the core curriculum to improve student achievement.
English Learner Facilitator	Assists with ELAC meetings, attends district meetings, plans professional learning for teachers to support implementation of EL program, assists with redesignation process and maintains EL paperwork.

Objectives

- Support English Learners (EL) through high levels of instruction, assessment, grouping and parent/family involvement.
- Additional training for teachers in the area of ELD instruction.
- Increase the Instructional Coach calendar to allow for more time to serve as a coach in the RLA, ELD, and Math Curriculum to embed effective instructional strategies specific to English Language Learners.
- Extend instructional time with bilingual assistants.
- Increase the number of Bilingual Instructional Assistants. This will provide students with emerging, expanding and bridging levels of English proficiency with additional support in the primary language support in the core curriculum.

Program Descriptions
Gifted and Talented Education (GATE) Services

Intent

To identify gifted and talented students, including those from diverse racial, socio-economic, linguistic, and cultural backgrounds, and provide high quality differentiated learning opportunities that meet the students' particular abilities and talents.

Description of District Services

Gifted and Talented Education services shall be available to provide unique learning environments and opportunities for pupils who are identified as gifted and talented as measured by tests and demonstrations of intellectual achievement and unique production. Full participation of pupils from economically disadvantaged and varying cultural backgrounds shall be ensured.

The Alvord Unified School District is committed to providing appropriate and challenging services to meet the diverse needs of gifted and talented students. Administrators, teachers and parents are provided with growth opportunities in meeting these needs. Given a stimulating learning environment, students meet their full potential and demonstrate their unique productive talents as they work through challenging situations

The Alvord Unified School District GATE services have provisions for:

- o Differentiated opportunities for learning commensurate with abilities and talents of individuals
- o Development of sensitivity and responsibility to others
- o Assistance in developing self-generating problem-solving abilities
- o Support in developing a realistic and healthy self-concept
- o Alvord Unified School District has a wide range of options for GATE students at varying sites:
 - Differentiation within the regular classroom
 - Enrichment opportunities
 - Special group instruction away from the regular class
 - Classes in which GATE students are clustered
 - Seminars and study trips
 - Grade level advancement
 - College level courses (Honors, Advanced Placement, International Baccalaureate)

GATE students receive differentiated curriculum and instruction throughout the regular school day, as well as during enrichment opportunities. Appropriate differentiation refers to the following principles, when applied to the standard adopted instruction and curriculum: Depth, Complexity, Novelty, and Acceleration, according to standards adopted by the California Association for the Gifted (CAG).

Description of Site Services

The program for Gifted and Talented students are planned and organized as an integrated differentiated learning experience within the regular school day within the regular classroom. Differentiated opportunities will be provided for students based on individual needs and interests as determined through appropriate program assessment.

Objectives

Provide a program based on high and challenging standards where all GATE students demonstrate an increase in academic achievement. This includes:

- Appropriate and challenging activities to extend and supplement the regular curriculum
- Equal access and opportunity for all students to be identified and served in programs for gifted and talented students including under-served populations within the school community.
- Appropriate professional learning to increase awareness of the characteristics of GATE students, multiple intelligences and ways to differentiate instruction in heterogeneous classrooms.
- Increase parent/family involvement.
- Purchase of additional supplemental materials (e.g. Books, software, etc.) that extend depth and complexity in grade level subjects.

Program Descriptions Special Education Program

Intent

All individuals with exceptional needs have a right to participate in free appropriate public education. Special educational instruction and services for these persons are needed in order to ensure the right to an appropriate educational opportunity to meet their unique needs, prepare them for further education, employment and independent living.

Description of District Services

Special Education ensures that all individuals with exceptional needs are appropriately identified and assessed. Students are provided a free appropriate public education program to meet their unique needs, prepare them for further education, employment and independent living. A full continuum of program options for special education and related services is available to meet the educational and service needs of these students, including general education, Specially designed academic instruction, related services, and transportation.

Students are offered full and equitable opportunities which promote maximum interaction with non-disabled peers in the least restrictive environment. Steps are taken to ensure that individuals with exceptional needs participate in academic, nonacademic, and extracurricular services and activities to promote maximum interaction with the general school population. Policies and procedures regarding parent involvement and IEP development are clearly defined, consistently used, and documented through SELPA. There is coordination of instruction and curriculum with special and regular education staff.

Objectives

- o All individuals with exceptional needs are appropriately identified, assessed in all areas of suspected disability.
- o Students with disabilities are provided free appropriate public education programs and services to meet their unique needs, prepare them for further education, employment and independent living.
- o Increase collaboration between Special education teachers, related service providers and general education teachers to best support students.

Description of Site Services

Special Education ensures all individuals with exceptional needs are appropriately identified, assessed, and provided free appropriate public education programs and services designed to meet their unique needs. A continuum of program options for special education and related services is available to meet the educational and service needs of these students including general education, Related Services, Indirect Special Education Services and Direct Education Services as well as transportation if needed. Students are offered full and equitable opportunities, which promote maximum interaction with non-disabled peers in the least restrictive environment. Twinhill's Special Education program includes a cohesive special services team that collaborates with general education teachers to coordinate instruction and curriculum. The special services team consists of a Resource Specialist, Language and Speech Specialist, School Psychologist, Adaptive Physical Education teacher, and one 5.5 hour Special Education instructional assistant. Our Language and Speech Specialist also provides services to pre-school age students that qualify and reside within the Twinhill boundaries. Additionally, the Student Study Team (SST) provides a forum for the articulation of students' special needs regarding instruction, curriculum and behavior modification. Together, Twinhill's special education staff and general education staff work to ensure that all students with identified needs have the opportunity to progress and succeed. From the beginning of the year, teachers implement interventions for students who are not yet meeting grade level standards. Grade level collaboration provides opportunities for student data to be analyzed and identify appropriate interventions that will support students in making progress and improving their academic achievement .

Objectives

- o All individuals with exceptional needs are appropriately identified, assessed and provided with services to meet their unique needs.
- o Increase collaboration between the Resource Specialist, Language and Speech Specialist, support staff and general education teachers in order to best support students.
- o Continue Grade Level articulations
- o Use assessments and progress monitoring to track progress of students.
- o Use grade-level developed and district assessments to monitor progress of students.
- o Implement the use of mathematics intervention.

Program Descriptions Technology Program

Intent

To provide students with up-to-date technology to enhance their academic proficiency in language arts, math, science, and history.

Description of District Services

The District believes that through the meaningful integration of technology, student academic achievement can be improved. To facilitate this integration, the District developed a comprehensive technology plan that includes both curriculum and professional development components detailing how teachers and students will incorporate technology into the teaching and learning processes. The overall goal of integrating technology into the learning and teaching processes is to help all students attain proficiency in mathematics and language arts and enable all students to earn a high school diploma.

Before developing this plan, the District assessed the current practices and access to technology of all its elementary, middle and high schools. The course of action to bring technology to teachers and students include:

- o Using technology to improve teaching and learning
- o Assisting students acquire technology and information literacy skills
- o Utilizing technology that ensures appropriate access to all students
- o Using technology for efficient student record keeping and assessment
- o Making teachers and administrators more accessible to parents via utilizing technology
- o Providing professional development opportunities for administrators and teachers

The District will monitor its success and progress with implementing the curriculum content and professional development technology components on an annual basis.

The school's current technology practices and site technology objectives are described in the next two sections.

Description of Site Program

Technology is highly encouraged in and outside of the classroom to analyze data, manage school inventory, and provide instructional resources.

School Inventory/Management

All library media centers use Follett software. The Galenet Resources set of online reference databases is available to all students, including home access, providing resources for students, parents, and teachers and reinforcement for information literacy skills instruction.

All staff members have district email accounts. The district Intranet is available to all employees; it focuses on administrative and personnel matters, including internal forms and Board policies. Aeries is the student information system and used to enter attendance, discipline, intervention supports and counseling information.

Document cameras, projectors, DVD Players, CD Players, Digital Camera, Scanners, DVD burner, and IFlip video camera have been purchased to enhance the delivery of instruction to all students.

Data Analysis

EADMS/INSPECT/AERIES are used to record, maintain, and report student assessment data and prepare standards-based tests. In addition, EADMS is used to develop appropriate short cycle assessments in measuring the students standards have yet to master and identify additional intervention needed to implement.

Instructional Resources

Twinhill currently has a computer lab with forty-seven PCs and four mobile carts equipped with laptops that have Internet access, school server access and appropriate learning programs for students. Get Set for Reading (Houghton-Mifflin) is loaded for student access at the appropriate grade level. Destinations and Earobics are available to all students. It is used mainly in labs and classrooms with targeted groups (at risk learners, Special Education and English Learners) for reading and math. Destinations is also available for home use. Use of Accelerated Reader across the grade levels supports reading comprehension. Web based word processing and typing/keyboarding programs are used for technology

skills development. The lab is available for all students, each transitional kindergarten through fifth grade class is scheduled for forty time blocks throughout the week, with additional time designated for students identified as needing additional intervention, allowing at-risk students additional computer access throughout the week. On-line benchmark testing and CAASPP assessment is completed in the computer lab or mobile carts. Additional time is available for classes to do Internet research to support the core curriculum. The lab is utilized for tutoring students after school in the Half Time program.

The lab is supervised by an instructional computer assistant who provides support during class lab time and services and repairs most of the computers on campus. The computer lab assistant also helps integrate technology into the classrooms to support the core curriculum. The classroom computers are networked with Internet access, have appropriate learning programs installed and are connected to the school server which provides access to programs such as Houghton Mifflin's Get Set to Read. Every computer on campus is connected to a printer, either locally or via local network.

Additional technology will be utilized and/or purchased to support the identified needs based on current student data.

Objectives

- Replace older technology with new equipment which can better provide the system requirements of all adopted intervention programs.
- Empower learners (faculty, staff, and students) by providing them with the technological skills to acquire, analyze and present information.
- Integrate the use of technology throughout the curriculum and identify additional software and hardware to purchase.
- Increase use of EADMS with training and development of Short Cycle Assessments and Data Management.
- Ensure students and staff have an understanding of the ethical use, function, impact, and possibilities of technology by providing training and support.

* Provide Family Tech Time for parents and families to develop an understanding of the ethical use, function, impact and possibilities of technology.

**Program Descriptions
School Safety Program****Intent**

To provide counseling services to students and families to reduce and prevent drug, alcohol, tobacco use, and violence.

Description of District Services

Student Services supports drug, alcohol, tobacco, and violence prevention and reduction counseling services in order for all students to attend safe and drug-free schools. The focus is to reduce barriers to learning and build resiliency factors leading to student success, academically, emotionally, socially, and physically.

The district contracts with providers to offer counseling services to students and families at each school site throughout the school year. Counseling services consist of drug, alcohol, and violence prevention and reduction training. Students learn to recognize and relinquish harmful behaviors and habits, and develop strategies for a successful school career and life.

Description of Site Program

Twinhill students receive support from the school counselor through classroom lessons, small group and individual services. The focus is to reduce barriers to learning and build resiliency leading to student success both academically and socially. Students also participate in activities throughout the year including Red Ribbon Week, The Great Kindness Challenge, Jump Rope for Heart, NEU charity and a variety of activities that promote a healthy life style.

A school-wide discipline plan has been developed and implemented. The three school-wide rules are: Be Ready, Be Respectful, Be Responsible. The student participate in two behavior standards assemblies in which they are made aware of the rules and how they apply to situations in which they may encounter the need to implement positive problem solving. In addition, Twinhill operates on the idea of preparing all students both academically and socially. Emphasis of positive character traits: trustworthiness, fairness, respect, responsibility, citizenship, and caring which are communicated via visual representations, monthly awards, daily announcements and classroom discussions.

Small student groups are developed to focus on improving student's ability to positively resolve conflicts, based on their needs. The group discussions include building a positive self-esteem, making smart choices, and peer-relations.

Alternative recess activities are provided for students to assist them with appropriate use their time in a productive manner.

Objectives

- Increase the social messages of Character Development.
- Develop school-wide classroom management system.
- Support positive character development.
- Support positive conflict resolution.
- Increase student safety on campus.
- Support academic achievement.
- Support students in doing their best and view college as an option for their future.
- Continue to support the Half-time program offered after school at Twinhill.

Support and increase student involvement activities (i.e. Student Council, ABC club, Safety valets, BIC helpers, etc.)

Program Descriptions Parent and Family Engagement Program

Intent

To establish strong, healthy, and systematic school, family, and community partnerships which lead to effective family engagement that supports student achievement and closes the achievement gap.

Description of District Services

The Board of Education recognizes that parents/guardians are their children's first and most influential teachers and that continued parental involvement in the education of children contributes greatly to student achievement and a positive school environment.

Parent involvement is encouraged through Board Policy and School Parent Compacts as a step in improving student achievement. All parents are kept informed of their child's progress toward meeting grade level standards through report cards and progress reports, parent workshops, conferences and meetings. District-wide expenditures from supplemental programs are designed to provide students additional support for succeeding with the core curriculum and to enhance parents' abilities to assist their children in the learning process.

In order to engage parents/guardians positively in their children's education, the Superintendent or designee shall ensure that staff members at each school:

1. Help parents/guardians develop parenting skills and provide home environments that support their children's academic efforts and their development as responsible members of society.
2. Inform parents/guardians that they can directly affect the success of their children's learning and provide them with techniques and strategies that they may use to improve their children's academic success and help their children in learning at home.
3. Initiate consistent and effective two-way communication between the home and school so that parents/guardians may know when and how to help their children in support of classroom learning activities.
4. Receive training that fosters effective and culturally sensitive communication with the home, including training and how to communicate with non-English speakers and how to give parents/guardians opportunities to assist in the instructional process in both at school and at home.
5. Encourage parents/guardians to serve as volunteers in the schools, attend student performances and school meetings, and participate in site councils, advisory councils and other activities in which they may undertake governance, advisory and advocacy roles.

Alvord schools have received Parent Engagement Initiative Leadership training (Parent PELI) and are forming Action Teams for Partnership (ATP) as an arm of their School Site Councils (SSC). These teams are made up of school staff, parents and community members who work together to set school goals and plan activities around Joyce Epstein's 6 Types of Parent Involvement in order to increase parent engagement and increase student achievement. All District parent involvement programs are built around these 6 types of parent involvement: Parenting, Communicating, Volunteering, Learning at Home, Decision Making, and Collaborating with the Community.

Description of Site Services

Twinhill parents and families are encouraged to be active participants in the education of their children. Twinhill teachers, support staff and administration along with community partners work together to support parents and families. Parents and families are afforded the opportunity to participate in Family Education Nights, PTA-sponsored Family Fun Nights, parent/family trainings (i.e. computer use class, nutrition class), Family Library Time, extra-curricular activities and volunteer within the classroom as well as outside the classroom.

Objectives

- Support and provide parent/family involvement and engagement with workshops, communication and volunteer opportunities
- Work with community partners to support parent/family involvement and engagement
- Maintain two-way communication/consistently maintain a bilingual monthly school newsletter
- Utilize counselor as a parent/family resource

- Continue Pastries with Parsons -parent/family forum
- Increase parent/family involvement and engagement
- Increase parent/family knowledge of college and career with preparation

**Program Descriptions
Expanded Learning Program
Prime-Time / Half-Time**

Intent

Provide a safe and positive expanded learning environment for students of the Alvord Unified School District during the after school hours by providing daily educational, recreational, and enrichment activities. The main academic goal of the Expanded Learning Program is to assist students in increasing proficiency in Reading and Mathematics.

Description of District Services

Alvord's After School Programs is provided at 12 elementary schools and four middle schools. The program is aligned to the regular school day through the use of curriculum binders with activities that are aligned to the school day curriculum and a coach liaison at each site to provide instructional support.

The program provides both homework assistance and tutoring in order to support classroom instruction and help students attain state standards in Math, Language Arts, Science and Social Science. Materials used include technology based products and technology-based instruction to ensure the students are receiving individualized instruction in an interactive manner. Reinforcement and practice of skills taught takes place in a disguised manner using games and other non-traditional tools so that the students remain engaged after a long day at school. Alvord students are also engaged in high interest, high movement, motivational and enrichment activities. Enrichment activities are research based and promote asset development, character and leadership development, movement, collaboration and team building, creative expression, anger management, conflict resolution, and tolerance and appreciation of others. All activities provide high interest practice in academics, reinforce newly acquired skills, and promote the physical and emotional well-being of our students.

A few of the enrichment activities seen frequently at sites include board games to reinforce thinking, strategy and problem solving; craft projects that develop creativity; cooking including discussions about nutrition; and campus beautification and gardening projects. Each site provides an opportunity for student to showcase their enrichment talents. At the Elementary level, students participate in sports tournaments in Soccer and Soccer, or Basketball. At the Middle School level, a tournament is planned for these 5 sports: Soccer, Basketball, Football, Soccer, Volleyball, and Softball. Middle school students also have skateboarding, music (musical instruments), art and Wii clubs. The "Extravaganza" is a culminating event held at the end of each year for middle school students to showcase their projects, compete against each other in a variety of athletic events, and come together to show their school spirit.

Objectives

- Provide homework assistance.
- Improve students' attendance in school.
- Improve or maintain students' grades.
- Provide students opportunities to engage in cultural enrichment activities.
- Reduce/avoid harmful risk-taking behaviors among students.

Categorical and Local Control Funding Formula Allocation Narrative

2018-2019

Directors, Coordinators, Instructional Specialists, Director's Assistant, Assessment/Evaluation Technician, Secretary, Clerks, and part-time clerical assistance staff the Categorical/English Language Learners Offices and provide indirect services. Bilingual assistants, project specialists/instructional coaches, intervention teachers, librarians, elementary library assistants, and instructional computer assistants provide direct support to school sites. These positions are single and multi-funded from a combination of sources including, Title I (TI), Title III (TIII) and Local Control Funding Formula (LCFF) funds. Parent Involvement Policy (Title I Schools)

Each Title I school is required to develop a written parent and family engagement policy. This policy describes how the school will support and increase parent and family engagement. The parent involvement policy must be developed with parents/community and include participation from all appropriate advisory committees and be approved by the School Site Council. The written parent involvement policy at Title I schools must include how parents will be informed of the school's Title I program requirements.

Schools who are allocated Title I/ funds must develop a written parent and family engagement policy with the participation of parents, families, and community members that describes how the school will:

- a. engage parents and family members in their children's education
- b. inform parents and family members that they can directly effect the success of their children's learning
- c. build consistent and effective communication between home/school
- d. train teachers and administrators to communicate effectively with parents and families
- e. integrate parent and family members programs with the SPSA (EC 11504)

Attach Parent and Family Engagement Policy (Title I Schools)

School-Parent Compact (Title I Schools)

Section 1116(a) of ESSA advocates shared responsibilities for high student achievement. The school-parent compact is a component of the Parent and Family Engagement Policy. Each Title I school shall jointly develop with parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student achievement.

TWINHILL ELEMENTARY SCHOOL
School Parental Involvement Policy
2018-2020

PART I. GENERAL EXPECTATIONS

The goal of the parent involvement policy is to create an environment in which the staff, parents, and students work cooperatively to implement strategies and programs to support student success in mastering the grade level standard and positive character development.

Twinhill Elementary agrees to implement the following statutory requirements:

- Twinhill Elementary will jointly develop with parents, distribute to parents of participating children, a School Parental Involvement Policy that Twinhill Elementary and parents of participating children agree on.
- Twinhill Elementary will notify parents about Twinhill Elementary Parental Involvement Policy in an understandable and uniform format and, to the extent practical, will distribute this policy to parents in a language the parents can understand.
- Twinhill Elementary will follow the Alvord Volunteer Board Policy as outlined.
- Twinhill Elementary will make Twinhill Elementary Parental Involvement Policy available to the local community.
- Twinhill Elementary will provide accessibility and opportunities for parents with limited English proficiency, parents with disabilities, and parents of migratory students.
- Twinhill Elementary will periodically update Twinhill Elementary Parental Involvement Policy to meet the changing needs of parents and Twinhill Elementary.

Distrito Escolar Unificado Alvord
ESCUELA PRIMARIA TWINHILL
Política Escolar de Participación de Padres
2018-2020

PARTE I. EXPECTATIVAS GENERALES

La meta de la política de participación de padres es crear un ambiente en el que el personal, padres y alumnos trabajen cooperativamente en la implementación de estrategias y programas para apoyar el éxito de los alumnos en el dominio de los estándares por nivel de grado y en el desarrollo de una personalidad positiva.

La Escuela Primaria Twinhill está de acuerdo en implementar los siguientes requisitos legales:

- ❖ La Primaria Twinhill desarrollará junto con los padres y distribuirá a los padres de alumnos participantes una Política de Participación Escolar de Padres con la que estén de acuerdo la escuela y los padres de los estudiantes participantes.
- ❖ La Primaria Twinhill notificará a los padres acerca de la Política de Participación Escolar de Padres en un formato comprensible, uniforme y en caso posible se proveerá copia en el idioma de los padres.
- ❖ La Primaria Twinhill seguirá la Política de Voluntarios de la Mesa Directiva de Alvord como se indica.
- ❖ La Primaria Twinhill tendrá disponible para la comunidad la Política de Participación de Padres.
- ❖ La escuela Twinhill proveerá acceso y oportunidad a los padres limitados en el idioma inglés, con discapacidades y con estudiantes migratorios.
- ❖ La Primaria Twinhill periódicamente actualizará la Política de Participación de Padres para cubrir las necesidades cambiantes de los padres y de la escuela.
- ❖ La Primaria Twinhill adoptará el Acuerdo Maestro-Estudiante-Padre como un componente de su Política Escolar de Participación de Padres.
- ❖ La Primaria Twinhill está de acuerdo en ser regida por los requisitos legales de la definición de la participación de los padres y realizará programas, actividades y procedimientos de acuerdo con esta definición:

La participación de padres significa, su colaboración teniendo una comunicación de manera regular, recíproca y significativa relacionada con el aprendizaje

- Twinhill Elementary will adopt Twinhill Elementary school-parent compact as a component of its School Parental Involvement Policy.
- Twinhill Elementary agrees to be governed by the following statutory definition of parental involvement, and will carry out programs, activities and procedures in accordance with this definition:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—

(A) that parents play an integral role in assisting their child's learning;

(B) that parents are encouraged to be actively involved in their child's education at school;

(C) that parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child;

(D) the carrying out of other activities, such as those described in section 1118 of the ESEA.

PART II. DESCRIPTION OF HOW TWINHILL ELEMENTARY WILL IMPLEMENT REQUIRED SCHOOL PARENTAL INVOLVEMENT POLICY COMPONENTS

Commitment to UNIVERSAL ACHIEVEMENT

We are building a **CULTURE OF UNIVERSAL ACHIEVEMENT** at **TWINHILL ELEMENTARY SCHOOL**. This culture is based upon the fundamental belief that each child is capable of meeting academic standards in reading, language arts, and math, AND that the school has the power to make that opportunity a reality. We believe that every student deserves the opportunity to be educated in a way that prepares them for college if they so choose to attend. We believe in a mutual respect between all stakeholders of the NEU at Twinhill community.

Let's work together to prepare our students for a happy and successful life so they can realize their unlimited potential!

ALL Students will realize their unlimited potential
SCHOOL SITE COUNCIL
AGENDA
February 21, 2019
2:30pm in Room 7

I. Introductory Procedures

1. Call to Order

Meeting was called to order by Andrea Villarrhino at 2:45p.m.

2. Establishment of Quórum

A quórum of 6 was established with the following people in attendance:

Mrs. Parsons	-	Principal
Dirk Upson	-	Teacher
Dayana Hernandez	-	Teacher
Andrea Villarinho	-	Teacher
Michelle Rocha	-	Other
Arely Hernandez	-	Parent

3. Pledge of Allegiance

All members stood and recited the pledge.

II. Action Items

1. Minutes of Meeting held 1.10.19

This item was tabled due to the minutes not being received back from translation yet.

2. Expenditure Requests (T-I, LCFF-LI, LCFF-EL)

LCFF-LI

Vendor	Item Requested	Description	Quantity	Price	SPSA Page #	Justification - How Supplemental
No Excuses University	Student Planners	School Planners for 5 th grade students	104	\$410.80	Goal 1.1,1.2: Research-based strategy instruction / supplemental instruction	5 th grade students will use academic daily planners to record homework assignments and important class information. This process will familiarize students and get them prepared for middle school entry. It will also support at-risk students in organizational skills and increase the home school connection.

Subtotal - \$410.80

8.75% tax - \$35.95

S/H - 61.62

Subtotal LCFF-LI - \$508.37

The 5th grade teachers would like to have planners for their students. Students used planners this year and were successful at filling it in each day with assignments. It was motioned/seconded/carried to approve school planners for the 5th graders using LCFF-LI funds for a total of \$508.37 (Upson/Hernandez) (6-0-0)

3. Approve District Set Aside: 2018-2019 Title I, Part A Reservations, Required

○ Parent Involvement (1%) - \$55,339

Mrs. Parsons explained that Alvord receives Title I funding, and since it is a federal program we have to set aside a certain amount for parent involvement expenses which totals \$55,339. Parent Involvement provides programs which are built around parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. It also increases parent and family involvement. As a Title I school, it is a federal requirement to approve the funds needed to provide parent involvement to our families.

○ Transportation: NCLB Program Improvement School Transfers - \$65,000

Under the No Child Left Behind Act, program improvement schools offer parents/guardians of eligible students Public School Choice, which is the option of transferring to an available school in the district that has not been identified as a Program Improvement school. The amount of \$65,000 has been set aside by the district to offer this service.

- **Homeless Services - \$12,128**

The district sets aside money to provide services to homeless children and youths for services such as transportation and nutrition. There are more services available, but these are just a few. The amount set aside for these services is \$12,128.

No further discussion was need for the above items. It was motioned/seconded/carried to approve the District Set Aside: 2018-2019 Title I, Part A Reservations, Required which includes Parent Involvement \$55,339, Transportation \$65,000, and Homeless Services \$12,128. (Hernandez/Upson) (6-0-0)

4. Approve 2018-2019 Title I, Part A Reservations, Allowed

- **Centralized Staffing (ELT's, District Instructional Specialists, BIA's) - \$1,745,581**

Mrs. Parsons explained to council that when the district receives their funding, a percentage is taken directly off the top before it is divided and distributed among all the school sites. This amount goes directly to Centralized Staffing to provide sites with additional support. Salaries paid for by the district may include Elementary Literacy Teachers, District Instructional Specialists, and Bilingual Assistants. The amount set aside for Centralized Staffing for the 2018-2019 school year is \$1,745,581.

- **Summer Extended Learning Opportunities - \$320,000**

Alvord offers students the Summer Extended Learning Opportunities Program. This is another name for summer school. This gives students in need the opportunity to attend an instructional program during the summer. To make this program more affordable, Alvord has made the high school program an online program in which students work from home. Funding is needed to pay teachers, and any costs associated with having campuses open during the summer months. The amount needed to fund the Summer Extended Learning Opportunities Program is \$320,000.

No further discussion was needed for the above items. It was motioned/seconded/carried to approve the 2018-2019 Title I, Part A Reservations, Allowed for Centralized Staffing (ELT's, District Instructional Specialists, BIA's) - \$1,745,581 and for the Summer Extended Learning Opportunities - \$320,000 (Hernandez/Upson) (6-0-0)

5. Approval of participation in a Title I School Wide Program

Mrs. Parsons explained that SSC must agree to allow Twinhill to be part of a Title I program. This means that we will abide by the rules when using Federal funds. Title I funding is used to improve the teaching and learning of children who are at risk. In order to meet this requirement, everyone must do their part in the decision-making process which including teachers, staff and parents. Twinhill has developed a school plan called the SPSA. The SPSA is a plan which represents the coordination of multiple resources to support student achievement. The SPSA also ensures that the site is providing opportunities for all students to meet academic achievement as defined by the requirements of the state. It was motioned/ seconded/ carried to approve Twinhill's participation in a Title I School Wide Program. (Upson/D.Hernandez) (6-0-0)

6. Approval of Site Categorical Budgets for 2018-2019

Mrs. Parsons reviewed with council the final site budget allocations for 2018-2019 with the totals being as follows: Title I - \$219,372, LCFF-EL - \$24,753, and LCFF-LI \$20,917. There was no further questions or discussion regarding the final site budget allocations for 2018-2019. It was motioned/ seconded/ carried to approve the site categorical budgets for 2018-2019 (Parsons/Rocha) (6-0-0)

7. Approve School Safety Plan for 2018-2019

Mrs. Parsons explained that the intent of the School Safety Plan is to provide services to students and families to reduce and prevent drug, alcohol, tobacco use, and violence. The main focus is to reduce suspensions and/or expulsions. Twinhill has developed a school wide classroom management system which supports positive conflict resolution. We also promote positive character development and student involvement activities such as: Student Council, Safety Valets etc. Mrs. Parsons explained that changes have been made to the safety plan and members of SSC are considered members of the safety committee. All members in attendance today have electronically signed the Twinhill Safety Plan online. It was motioned/ seconded/ carried to approve the Twinhill School Safety Plan for 2018-2019. (Upson/D.Hernandez) (6-0-0)

8. Approval of 2018-2019 Single Plan for Student Achievement (SPSA)

The SPSA is created with the help of multiple stakeholder groups such as SSC, ELAC and Leadership. Mrs. Parsons informed council that all stakeholders were encouraged to place their input on any changes needed to update the Twinhill SPSA. Stakeholders addressed some of the actions in the SPSA and revised items to bring this document to completion. Mrs. Parsons thanked everyone involved for their input and was proud to announce that updating of the SPSA was finally completed and ready to submit to district by next week. Mrs. Rocha will begin working on the SSC minutes which will reflect the approval of the SPSA so they can be uploaded. Once it is approved by district, a copy of the new updated SPSA will be made available to all council members. Due to unforeseen circumstances, Kinima Ray could not make it to this meeting. Mrs. Parsons will be meeting with her, and they will go over the meeting agenda, handouts, and the meeting minutes. Mrs. Ray will then proceed to sign the assurances page for the 2018-2019 SPSA. There were no further questions or discussion. It was motioned/ seconded/ carried to approve the 2018-2019 SPSA (D.Hernandez/Rocha) (6-0-0)

III. Discussion/ Information

1. Budget Reports

All three budgets were distributed to council. Mrs. Rocha explained them briefly. At this time next month, Twinhill will have extinguished all funds from all 3 budgets. There was no questions or further discussion needed.

2. LCAP Summary

The LCAP Plan Summary was distributed to council. This document was provided by the State and Federal Programs Department and is a brief overview of what LCAP is and how it meets the needs of our district. Council is familiar with the LCAP after going over it during January's SSC meeting. Another handout that was distributed to council was the Thought Exchange flier. Mrs. Parsons stated that everyone is encouraged to participate and give feedback. Alvord would like to receive input on areas that need to be improved and or changed. The district will use the feedback received to inform the development of the LCAP for next year. Alvord will be sending out calls to parents, and also putting a link on the district website to make sure that a tremendous amount of feedback is received. Twinhill will send out a ½ page flier to parents informing them of this platform. Alvord will accept input from participants until Friday, March 1, 2019.

3. SPSA Input

Items A through C will not be discussed at this time due to the 2018-2019 SPSA being finalized and approved. Mrs. Parsons stated that she is finished with the entire process and will be ready to submit the required SPSA documents by the deadline next week.

a. Review/Analyze Achievement Data

b. Finish evaluating effectiveness of last year's SPSA actions

c. Review and update SPSA goals / actions

d. Input from Members

Mrs. Parsons stated that the council will begin the process of updating the SPSA for next school year very soon. One of the additions she is excited about, is a new math assessment that Twinhill will pilot. The council will evaluate if this would be a great addition to Twinhill with the use of categorical funds. More information is soon to come.

4. Reports From Parent Committees

a. ELAC Report

- Minutes from 12.6.18

The minutes for the ELAC meeting from December 6, 2018 was handed out to council. Council read briefly, and no discussion was needed.

b. Parent Advisory Committee (PAC)

Council was given the PAC minutes from the November 28, 2018 meeting. Council read briefly and had no questions.

5. Program Reports

a. Professional Development Opportunities (Paraprofessionals, Teachers)

Teachers will begin a math PD soon. Mrs. D'Antoni is busy preparing materials for this Professional Learning opportunity for teachers. Date to be decided. Teachers will also undergo Cognitive Planning for the 2019-2020 school year. This collaboration will take place once we are finished with testing. Paraprofessionals just finished ELPAC training. This type of training gives them an insight as to the logistics of the ELPAC test that will begin in early MARCH

b. Parent Training Opportunities

Twinhill will have its 4th annual Health and Safety Fair in March. Families love this event as it offers free resources that families can use to better their healthy lifestyle. This event will be in conjunction to Open House. We expect a great turnout. Twinhill will also offer a Parent Wellness workshop. The dates will soon be decided. Ms. Robinson is currently looking for an outside agency to host this event for parents. More information about all events are soon to come.

c. Interventions

Teachers are entering their 3rd and final round of afterschool tutoring. Tutoring will run until we go off on spring break.

6. Principal's Reports

An attendance challenge has begun in the district which is offered by Student Services. Twinhill's numbers has went down to 95.25%. Our low enrollment greatly effects attendance rates. Testing season is finally here. Twinhill will begin LCAP and SBAC very soon. Mrs. D'Antoni has already began the process of scheduling classes.

IV. Hearing Session

This item is placed on the Agenda so that members of the audience have an opportunity to speak regarding subjects or concerns that do not appear on the Agenda. The chair reserves the right to limit speaking time to three minutes. III. Discussion/Information

Training

1. Needs Assessment for EL programs – EL4c: ELPAC
Parents were shown a video from the CDE website on how to interpret the scores. Parents were also given a handout with a list of frequently asked questions and the ELPAC website they can visit to find out even more information on what ELPAC is, who takes the assessment, when the assessment takes place, and why the assessment is given. Mr. Ramirez and the parents looked at the summative ELPAC results for Twinhill. Our performance overall is 10% at the beginning stage, 24% is at a somewhat developed stage, 39% is at a moderately developed stage and 27% of the school is as at a well-developed stage in English acquisition.

2. **School Wide Plan (SPSA) Parent Input: In this section of the meeting parents were presented with a handout of Goal 2: Planned improvements in Student Performance for English learners section of Twinhill's SPSA plan. Parents were invited to look over the plan and make suggestions about items that need to be changed, kept, modified, or eliminated. Parents suggested that there should be a parent and child computer lab time set aside in order to work along with their child so parents can see what technology is being used and how it is used in their child's learning. Evengelina Valderrama suggested that Fridays should be set aside for family workshops. It was also stated that in our next ELAC meeting the director of college and career readiness will talk about programs that parents can use to help their child in their academic path. Mrs. Parsons also suggested that perhaps 6th grade should be relocated back at Twinhill. Parents were also informed that School Site Council will also be invited to make suggestions and modifications to our SPSA.**
3. **School Attendance – EL4c2: Mr. Ramirez spoke about the importance of being at school. In January there is a contest to see who has the best attendance.**
4. **LCFF EL Budget: Parents were handed the budget report which was last updated on November 7, 2018. Parents can see how monies are being spent. There were no questions or concerns from the members.**
5. **School Site Council Meeting Notes: This item was unavailable and will be handed out in the next ELAC meeting. SSC meeting notes had not returned in time from translations so it was tabled.**
6. **CABE parents were informed that this year's CABE will be held on March 20 through the 23, 2018 in the city of Long Beach, California. However, our parents will attend the regional CABE which will be held in May 2019 and more information will be coming soon. Parents will later discuss who will attend and how they will chose who goes.**
